AMERICA'S MOST DIVERSIFIED NURSERY

Krider's "Glories of the Garden" TRADE MARK

Krider's Sensational Three-Color Althea

AMERICA'S
MOST HELPFUL
GARDEN BOOK

1944 *Our 49th Year*

**SHOW Your Colors
With KRIDER'S**

THREE COLOR ALTHEA

**Our National Colors Now Offered
in a Living Shrub. Red, White and
Blue Blooms at the Same Time On
One Bush.**

In these days everyone shows their colors in one form or another. The markets are flooded with various items of metal, paper or cloth which are but temporarily useful. Why not have a permanent, living display on your lawn.

We have grafted and grown a number of these tri-color Rose of Sharon to give you something new in shrubs.

Have the newest! Display our National Colors on your lawn! One section red, one section white and one section blue. Sure to please you. Well rooted, 2-yr. blooming size, 2 to 3 feet tall.

Plant one on each side of your walk!

\$1.50 each; 2 for \$2.50

THE NEWEST EVERGREEN

SILVER-BLUE PFITZER Juniper

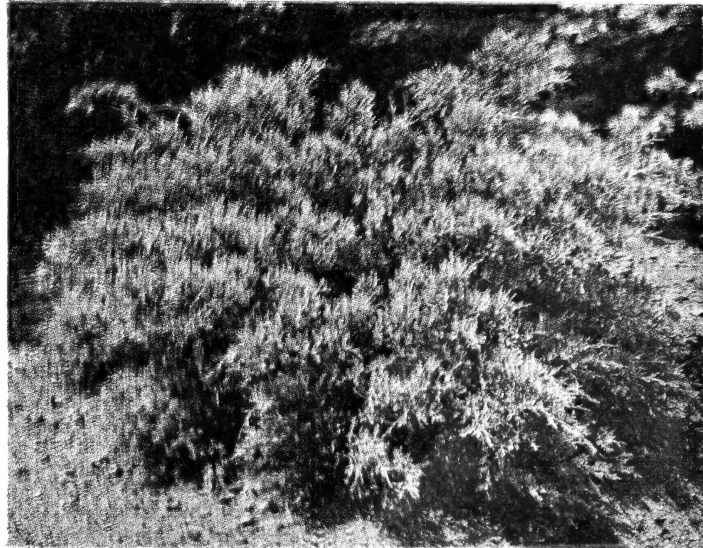

(U.S. Plant Patent No. 422)

Imagine all the famous good qualities of the Pfitzer Juniper now combined with a beautiful new silvery blue color. Color is as intense and even as the Koster Blue Spruce. Entirely hardy in any section of this country. Grows a little more compact and has slightly finer foliage than the well-known green Pfitzer. Otherwise habits are the same.

The plants we offer are sturdy, healthy plants, having a spread of from 6 to 12 inches. The plant in the natural photo at right shows one of these same size plants four years later. Worth about \$12.00.

\$1.25 each; 3 for \$3.00

6- to 12-inch Spread

Silver-Blue Pfitzer Juniper

KRIDER NURSERIES, Inc. MIDDLEBURY INDIANA

OUR 49th YEAR

Middlebury, Indiana,
October 1st, 1943.

Dear Friends:

Again it is my pleasure to greet each one of you, as we prepare to start our 49th year in the nursery business.

We have almost realized a lifetime ambition—to celebrate a Golden Anniversary in the growing and sale of plants which help to make the world a better place in which to live.

To you folks, our friends and customers, we wish to again extend our thanks for your continued good will. You have helped us to become one of America's leading nurseries. Other nurserymen have told us that we grow and sell the most diversified line of nursery stock in this country.

In the nearly half century we have been in business we have witnessed many changes and many trying times in the American Way of Life. We have always tried to look to the future with courage and a bright hope for better things to come. While these days seem to be the supreme test for our American Way, yet we feel that out of the white hot crucible of this titanic conflict will emerge, a Great, a Strong, a United, a More Beautiful America.

Like all businesses, we are having our difficulties in trying to give you our usual service. There may be unlooked for and unavoidable delays in shipments reaching you, but we pledge you our best efforts and hope that the good will you have evinced through the years will cover any temporary inconvenience.

Our fondest hope is that if we are permitted to greet you all again at the beginning of our Golden Anniversary Year, that the Victory will have been won and we will be awaiting the early return of our sons and daughters to homes which will appear more beautiful to them than ever before; and more precious to us for their sacrifices.

Sincerely,

VERNON H. KRIDER,
Founder and General Manager.

FREE GIFTS for Early Orders

FOR ALL CASH ORDERS OF \$5.00 OR OVER RECEIVED
BEFORE MARCH 15TH, See Schedule Below

The earlier you can get your order in to us the better. It enables us to take care of the necessary bookkeeping and clerical work during the winter before the rush of the shipping season. This amounts to a saving with us and to show our appreciation we will give **FREE GIFTS** as stated below.

These gifts are given only where cash in full accompanies the order and your free selections must come along with your order so that all can be sent together. We cannot make separate shipments of gifts. Your **FREE GIFTS** may be selected from any stock in this book.

WITH ANY \$5.00 ORDER RECEIVED BEFORE MARCH 15TH, YOU MAY SELECT \$1.00 WORTH OF ADDITIONAL STOCK FREE . . . WITH A \$10.00 ORDER YOU MAY SELECT \$2.00 WORTH . . . WITH A \$15.00 ORDER, \$3.00 WORTH; AND SO ON — TAKING ONE DOLLAR'S WORTH OF FREE ITEMS FOR EACH \$5.00 OF YOUR ORDER.

No Orders Accepted for Less than \$1

**DUE TO THE PERISHABLE NATURE OF NURSERY STOCK
WHEN ORDERS ARE REFUSED, WE DO NOT SHIP C. O. D.**

GENERAL INFORMATION

Location: Our nursery is located at Middlebury, Ind. Here we have our offices and 540 acres of as fine nursery land as can be found. We are just north of U. S. Route No. 20, 15 miles east of Elkhart, Ind. We are 12 miles south of U. S. Route No. 112, which you leave one mile west of White Pigeon, Mich. Indiana State Route No. 13 passes along our grounds.

Claims: All claims for shortage must be made within 10 days after stock is received. No attention will be paid to claims made months after the goods have been received.

Remittances: Make all remittances by post office money order, express money order, draft or check. Do not send cash unless you are sure to register your letter. We accept checks from respectable persons. Please do not send stamps. We assume no responsibility for remittances lost in the mail.

All Our Stock is State Inspected and Carries the Inspection Certificate

All our stock is state inspected and each shipment carries the inspection certificate.

Free PLANTING INSTRUCTIONS EXTRA KRIDER SERVICE

Remember, if you order from Krider we send full and complete planting instructions with each order.

This is a service which makes it easy for even a novice to grow beautiful plants and flowers.

• SHIPPING CHARGES •

You are to pay shipping charges to your Express or Freight agent upon arrival of the shipment. We prepay items which are sent by parcel post and which are so marked in this book.

Krider's Gilt Edge Guarantee

We guarantee our stock to be as well grown and as good quality as you can get anywhere, no matter what you pay; to be packed in as good condition, and if grown side by side under the same conditions will produce as good results. If you are not satisfied when your order reaches you, return stock at once and we will refund your money together with any transportation charges you have paid.

Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks by insects, disease and drought. We guarantee that each plant shall be true to name, otherwise we will replace free of charge or refund purchase price of any proven not to be so. We guarantee that each plant shall be of a size and quality as shown in this catalog, and that it will reach the customer in good growing condition.

Stock lost after planting will be replaced at one-half price the following season, provided that we are notified of such loss by July 1st after planting. This one-half price only covers digging, packing and handling charges in making the replacement.

Note: If stock is damaged please favor us by getting agent or postmaster to sign receipt to this effect. This will enable us to recover damages.

You will find us at all times willing to do all in our power to please you. However, it is mutually agreed between ourselves and customer that we cannot be held liable for any amount greater than the original purchase price.

As this catalog goes to press (early November), there is no Federal Sales Tax. In case such a tax is added after printing of this book all customers must add same to the amount of their orders.

NOTE: Perennials, strawberries, and plants shipped from pots will not be sent until proper time for planting, when new growth has started. This will insure immediate and better results for the customer.

Why Not Grow More and Better Vegetables, Flowers and Lawns?

Now—The New "VITAMIST" Method

"Vitamize as You Sprinkle" is the new, efficient, easy-to-use method that is revolutionizing plant stimulation and promoting plant growth. A small Vitamin Cartridge does the trick. Simply remove the nozzle from your hose, drop a VITAMIST Cartridge into the hose, replace the nozzle, turn on the

water, adjusted to a fine spray, and sprinkle the Vitamin over any part of your lawn and garden. One Cartridge will vitamize about 1500 square feet (a space about 30 x 50 feet). Usually it takes about six minutes to dissolve the entire Cartridge. After the VITAMIST has been applied, water the ground thoroughly for a few minutes in order to wash the Vitamin off the leaves and blades of grass into the soil. This will bring it in contact with the roots of the plants where it activates and stimulates their growth. Apply the Vitamin once a week.

**NO SPECIAL NOZZLE
NO SPRAYER
NO EXTRA ATTACHMENTS TO BUY**

NEW—simple, easy, quick way to VITAMIZE your entire lawn and garden. Assure yourself of gorgeous, luxuriant flowers and a beautiful, attractive lawn that will be the envy of your friends and neighbors.

NO FUSS—NO MESS—NO BOTHER

Simply remove the nozzle from your garden hose, drop a VITAMIST Cartridge into the hose, replace the nozzle and turn on the water. NOTHING ELSE LIKE IT. One Cartridge will VITAMIZE 1,500 square feet.

THIRTY WEEKS' SUPPLY . . . Postpaid \$100
Packed 30 cartridges in a box—enough to VITAMIZE 1,500 square feet once a week for 30 weeks.

Why Krider's All-American Rose Collection

- **First**—Because of the wide range of colors. Practically every color known in the Rose world is represented in this collection.
- **Second**—Because they are hardy in all sections of the country. Even in far northern climates they do well if given average winter protection.
- **Third**—Because they are offered at a price which all America can afford. No premium prices are asked for these splendid Roses.

GROW MORE RADIANCE ROSES

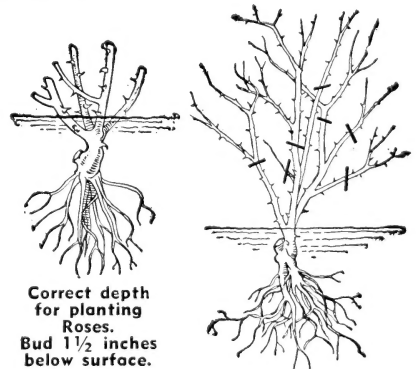

The Radiance family is not given enough attention by modern Rose growers.

Absolutely hardy and dependable, they will thrive and produce quantities of bloom where other Roses fail. Unexcelled for colder climates. Grow stronger and continue to flower year after year with minimum attention. Every garden should have a few of the Radiance Roses.

WILL BLOOM THIS YEAR

"HOW TO GROW ROSES"

Consider these simple instructions and you will have little difficulty in growing beautiful Roses. Sunny location so that it gets sunshine at least part of the day. The soil should be clean and mellow with fertilizer well worked in, rotted manure being best. The plants should be unpacked as soon as they are received, and planted. If you are unable to plant immediately upon receiving them, they should be heeled in (buried), in moist dirt until you are ready to plant. Never allow to stand and dry out. In planting, set the plants so that the bud, or joint, above the roots is about one inch below the surface of the ground. The holes should be dug large enough so that the roots may be spread out naturally. Make sure that all the fibrous roots are firmly packed by shifting and tamping. Be sure to thoroughly soak the fresh planting, and never allow it to dry out or the soil to cake. After planting and wetting, mound up the soil four or five inches high around each plant. Cut off all the branches about an inch above the ground, leaving it this way for ten days or two weeks or until the buds start to show. The soil can then be leveled off. Roses that are handled in this manner rarely fail to grow. If Roses are planted with the tops left exposed to the drying winds they will shrivel and die before they start to grow. Allow 18 to 24 inches of space between plants.

Correct depth for planting Roses.
Bud 1½ inches below surface.
Cut back branches as shown above.

Prune Hybrid Tea Roses as shown by black lines.

"VICTORY" Collection

FIVE OF AMERICA'S FINEST ROSES — 2-Yr.
No. 1; Field Grown and Budded. Everblooming.

- Red for the blood of those who give their lives for it.

Beautify With **CLIMBING ROSES**

2-Yr. Field-Grown, Budded for Long Life

CLIMBING AMERICAN BEAUTY

An old favorite Climbing Rose. Very hardy and a vigorous grower. Free bloomer.

DR. W. VAN FLEET

Blooms extra large, resembling Tea Roses in shape and size. A good cutting variety as its flesh-pink blooms keep well.

SILVER MOON. Desirable silvery pink; large flowers; fragrant.

CLIMBING COLUMBIA. Large deep pink blooms resemble Tea Roses and are fine for cutting. Good grower and good foliage.

CLIMBING ETOILE DE HOLLANDE. One of the most famous and best loved Roses now in climbing form. Large buds, double blooms of deep red. A grand climber; wonderful grower.

CLIMBING HOOVER

All the characteristics of Pres. Hoover Rose except in climbing form.

CLIMBING TALISMAN. A truly distinctive Climber. Fragrant and rich in color shades. Buds are orange-yellow opening into large blooms of salmon-orange, shaded with red and gold.

SPANISH BEAUTY. The wonder Rose. Possesses a delightful fragrance which is rare in Climbing Roses. Excellent for cutting. Color is charming deep red in bud, opening into a pearly pink as the perfumed petals unfold.

PAUL'S SCARLET CLIMBER. One of the greatest of the hardy Climbers. Combines rapid growth with extreme hardiness and free blooming habit. Brilliant scarlet flowers which are large and last over a long period.

YOUR CHOICE OF THE ABOVE VARIETIES—

60c each; 3 for \$1.65

12 for \$5.35, postpaid

Blaze

EVERBLOOMING CLIMBING ROSE

(U. S. PLANT PATENT NO. 10)

THE CLIMBER SUPREME

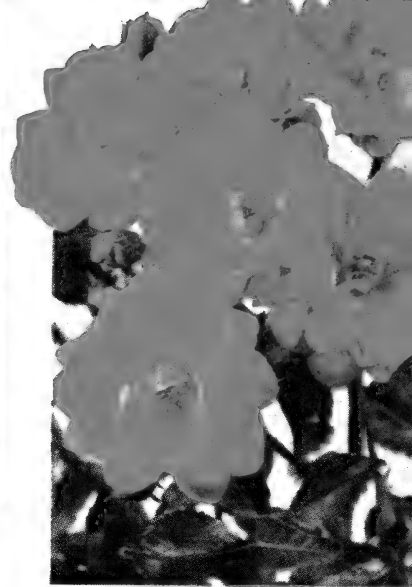

Held by many to be the finest climber of all time. All the hardiness, strong growing habit and quality of its parent, Paul's Scarlet, plus the trait of being an everbloomer. We heartily recommend this fine climber to anyone who is seeking the most in satisfaction from climbing Roses.

Each \$1.00; 3 for \$2.50, Postpaid

Note: This Rose may not be included in Rose Offer Supreme.

Gloria Mundi Roses as a Beautiful Walk Edging

Gloria Mundi

Gorgeous

"BABY BEAUTY" or FLORIBUNDA ROSES . . .

Use them for massed beds and borders. They are the little gems among Roses.

EDITH CAVELL. Double flowers of the deepest blood-red. Very showy and one of the best Polyanthas.

ELSE POULSEN. Semi-double flowers of medium size. Color a sparkling pink.

GLORIA MUNDI. Double orange shaded blooms in thick clusters. The brightest and flashiest Baby Beauty. We recommend it highly.

KIRSTEN POULSEN. Single bright red flowers of good size borne in clusters.

IDEAL. Deepest red blooms in heavy clusters. Dark green foliage. A real jewel for your garden. In bloom all summer.

ORLEANS. Beautiful dwarf variety which bears a multitude of fair size double blooms of rich pink.

GOLDEN SALMON. One of the really outstanding Polyanthas. In bloom constantly from June until freezing weather. Excellent foliage, free from disease. Rich deep salmon color, will add much color and beauty to your plantings.

(Plant Baby Roses 18 inches apart.)

NEW PERENNIAL BEAUTY FOR YOUR GARDENS . .

BEAUTIFUL HARDY CAMPANULA ~

"Blue Gardenia"

A lovely hardy Perennial Campanula with blooms shaped like Gardenias. One of the finest new perennials to be introduced in recent years. Grows rather tall, about 24 to 30 inches, and bears a really astonishing number of rich blue, double blooms. Flowers are borne along the entire lengths of the plant's many stems. This odd feature alone assures the quantities of blooms each plant bears.

A really dramatic effect is secured in perennial beds by planting these plants in groups of three or six. Their blooms thus form a large mass of color from just above the ground to the tips of the stems.

We offer sturdy, well-rooted plants which will bloom for you this year.

Prices given below.

PLANT IN GROUPS
OF THREE OR SIX
FOR MOST
DELIGHTFUL
EFFECT . . .

Gorgeous Campanula "BLUE GARDENIA"

*A Hardy Perennial to bring
Color and Distinction to Your
Garden and Joy to Your Heart*

**PRICE
ONLY**

60¢ each

3 for \$1.50

POSTPAID

Plants will bloom
this year.

Please Note

Perennials should be planted 18 inches apart as a general rule. Some large growing types may need to be planted slightly farther apart. For borders and edging with dwarf varieties you will want to plant 6 to 12 inches apart. We give the average matured height in the descriptions of all perennials so that you may find it easy to plan your plantings.

BETTER PERENNIALS

ALL TWO-YEAR, TRANSPLANTED

● HARDY CANDYTUFT or IBERIS ●

One of the loveliest of the semi-dwarf plants. Foliage is almost ever-green, remaining green until almost New Years. Each spring the plant is covered so densely with white, snowflake-shaped blooms, that it really resembles a small mound of snow. Very hardy, easily grown and requires only average garden soil. Reaches only about 12 inches in height, which makes it invaluable for the foreground in perennial beds or for low borders. **2-yr., well rooted plants, 25c each; 5 for \$1.00, postpaid.**

Liatris, "September Glory"

Iberis or Hardy Candytuft

For Tall Perennial Backgrounds

ANCHUSA

For massed backgrounds of the most brilliant blue the *Anchusa* cannot be surpassed. Grows 4 feet tall and is extremely hardy. **25c each; 5 for \$1.00, postpaid.**

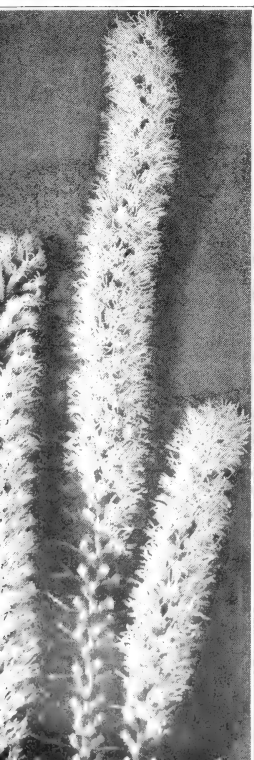

Double Russian Violet

DOUBLE RUSSIAN VIOLETS

One of the most charming of garden plants. Rich purple, double blooms are borne in profusion throughout the summer months on stems about six inches long. Bright green foliage is very ornamental. One of the best plants for edging along walks, paths or around a perennial bed. Hardy and does well in either sun or semi-shade. **Well rooted, field-grown plants which will bloom this year, 30c each; 4 for \$1.00; 12 for \$2.50, postpaid.**

Beautiful New LIATRIS, "September Glory"

New late-flowering variety of the ever-popular Blazing Star. Extremely long flower spikes of pinkish purple are borne on strong stems all through August and September. Very desirable for cutting and a plant which should be in every garden. Grows 3½ feet tall. **Nice 2-yr. roots, only 35c each; 3 for \$1.00; 12 for \$3.00, postpaid.**

for **BETTER GARDENS**

FIELD GROWN—WILL BLOOM THIS YEAR

BLUE FLOWERING DAYLILY

Broad, pale green, fluted leaves, variegated by white band and varied streakings. Valued for its foliage as well as for the blue flowers hanging in loose panicles from heavy short stems. Grows 4 feet tall. **25c each; 5 for \$1.00, postpaid.**

Blue Day Lily (Hardy Funkia)

ARMERIA

"Glory of Holland"

Very attractive and do well in any soil. Foliage is always ornamental and flowers are borne on wiry stems 9 to 15 inches high. "Glory of Holland" is one of the best Armerias. Color clear pink and blooms resemble fluffy balls about the size of a walnut. **30c each; 4 for \$1.00, postpaid.**

Armeria, Glory of Holland

*Indianapolis, Ind.
Route 7, Box 685

NOTHING CAN EQUAL THE CHARM AND COLOR OF A WELL PLANTED PERENNIAL BORDER. *Plant One This Year*

Hardy Everblooming Carnations

Silvery Pink Carnation, "BEATRICE"

One of the most exquisite in color and fragrance of all the hardy Carnations. A good grower and produces blooms freely from early summer until freezing weather. Stems 15 to 18 inches long make them ideal for cutting. Large, double, Carnation blooms of clear silvery pink color and exotic fragrance. **Plants from 2-inch pots which will bloom this year, 30c each; 3 for 80c; 6 for \$1.50; 12 for \$2.50, postpaid.**

Red Carnation **"FIREGLOW"** (Everblooming)

Bright satiny red color, exquisite fragrance and general hardiness make this beautiful Carnation a necessity in every garden. Grows 15 to 18 inches high and blooms all through the summer and fall.

Plants from 2-inch pots, will bloom this year, 30c each; 3 for 80c; 6 for \$1.50; 12 for \$2.50, postpaid.

alogs.

Mrs. Scott Elliott's
Hybrid Aquilegia

"BLUEBIRD" Veronica True Grafted Variety

This beautiful plant has long, slender bronze-green leaves and carries a great quantity of indigo-blue flowers formed as curved spikes. Be sure to include this in your garden. Blooms continually from July to October. A real value at this low price. Grows about 2 feet tall. 30c each; 4 for \$1.00, postpaid.

FOR BRILLIANT COLOR, FOR SURE GROWTH IN THOSE SPOTS WHERE NOTHING ELSE THRIVES- Gaillardia "GOBLIN"

One of the showiest of the new Gaillardias. Giant sized blooms of rich coppery yellow with deep, glowing wine-red center disc. For brilliant color in the perennial bed they are unequalled. Excellent for cutting and all bouquet use. Grow 3 feet tall. 25c each; 5 for \$1.00, postpaid.

PLEASE NOTE: All perennials, strawberry plants and plants from pots will not be shipped until planting time when new growth has started.

Gaillardia "Goblin"

Nepeta, "Six Hills Giant"

The Krider Nurseries, Inc.,
Middlebury, Indiana

Lincoln, Ill.
April 7, 1943

Gentlemen:
I feel that I just have to have a few of your fine roses this year, but I do not have a catalog of recent date. Kindly send me one by return mail if possible.

I first began purchasing from you after the World's Fair of '34, and I can truthfully say that yours have been the finest roses I have had since and during the years that followed. I am anxious for some more of them. I still have two roses purchased then.

Thanking you, I am

Very truly yours,

N. H.

Dianthus, "Flaming Star"

PLANT MORE GOOD

All Are 2-Yr. Field-Grown Plants—

NEPETA "Six Hills Giant"

One of the best plants we know of for hot, dry and exposed Perennial plantings.

Gray-green foliage makes splendid contrast to surroundings. Compact and upright habit makes it desirable for massed plantings.

Ten to twenty flower stems on each plant reach a height of about two feet. Rich lavender-blue blooms are borne in great profusion during blooming season, with occasional blooms throughout the summer. Fine for border or for massing. **Heavy 2-yr. plants, 25c each; 5 for \$1.00, postpaid.**

Large Flowering SHASTA DAISY, "Alaska"

Large plant, compact and graceful. Flowers are white and from 3 to 5 inches in diameter. Brilliant yellow disc centers. Fine for cutting. Easily grown and hardy anywhere. Planted with a yellow contrast plant such as Gaillardia or Coreopsis they provide unequalled color for the perennial bed and for bouquets. Grows 2 feet tall. **Heavy 2-yr. roots, only 25c each; 5 for \$1.00, postpaid.**

Krider's Beautiful Dianthus "FLAMING STAR"

One of the finest plants ever introduced for the rocky or perennial border. Hundreds of flaming star-shaped flowers borne on a dwarf bushy plant resembling a Pincushion. Bluish green foliage makes striking contrast to color of flowers. Perfectly hardy and blooms year after year with no attention. Grows only 4 to 6 inches high. **Postpaid for 30c each; 4 for \$1.00.**

[18]

Shasta Daisy, "Alaska"

PERENNIALS

Old Fashioned
**CANTERBURY
BELLS . As Gay
and Beautiful
as Ever .**

**Every Garden Needs a Few Clumps of
Old-Fashioned Flowers**

We know of no better ones to plant than these romantic Old-Fashioned Canterbury Bells.

They produce loads of deep bell-shaped blooms over a long period of time.

Grow about 3 feet tall, making them ideal to plant in front of shrubs or along a fence.

We offer these in heavy two-year roots in mixed shades only.

WILL BLOOM THIS YEAR
25c each; 5 for \$1.00, postpaid.

Painted Daisies

PAINTED DAISIES

(Pyrethrum)

Beautiful daisy-like flowers on long stems and in assorted colors. Fernlike foliage and brilliant shadings make them especially desirable for cutting. Long season of bloom. Grow about 2½ feet tall. **25c each; 5 for \$1.00, postpaid.**

New York, N. Y.
April 10, 1943

Krider Nurseries,
Middlebury, Indiana

Dear Sirs:

My order of February 27, which you shipped on March 22, was in excellent condition and arrived precisely on the date desired. Yours is the only nursery I have ever dealt with that shipped on the exact date specified.

Very sincerely,

M. K. S.

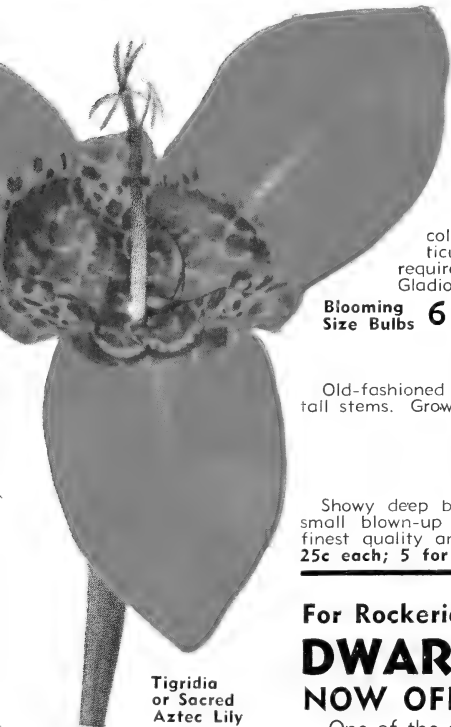

Fireball!

FOR BRIGHT COLOR

Charming new addition to the Helianthemum family. Dwarf plant with stems rising 6 inches above the foliage, each topped with a ball-shaped bloom of brightest orange-red. Ideal for rockery or border. **Get this New Fireball** and enjoy its blooms this year. A perennial and will last for years. **30c each; 4 for \$1.00, postpaid.**

HARDY PERENNIAL PLANTS.

ALL OF THESE PLANTS
ARE 2-YR., FIELD-GROWN
TRANSPLANTED PLANTS.
WILL BLOOM THIS YEAR.

Tigridia
or Sacred
Aztec Lily

TIGRIDIA (Sacred Aztec Lily)

As though in worship the Tigridia opens its petals towards the rising sun, unfolds its gorgeous blooms upright at noontime, turns its head with the declining sun and dies with the setting thereof. Blooms appear and die daily over a period of a month. This rare flower, a native of Mexico, appears on stems 2 feet tall. Their oddly marked cup-shaped centers and vividly colored outer petals make them particularly appealing and desirable. Bulbs require the same care and treatment as Gladioli. Bright red or yellow, your choice.

Blooming
Size Bulbs **6 for 80c, 12 for \$1.50** postpaid

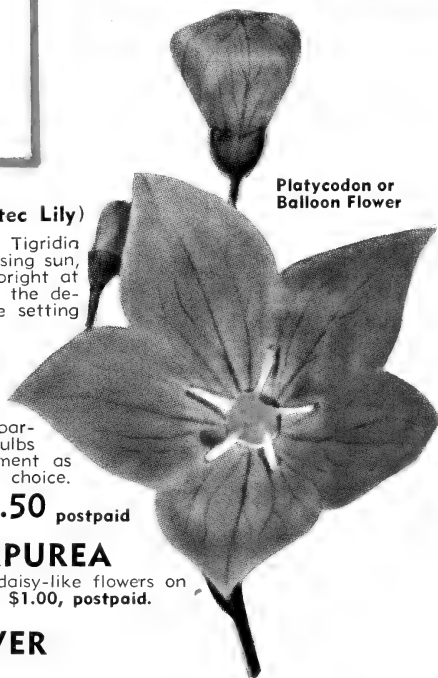

RUDBECKIA PURPUREA

Old-fashioned flower of large size. Purplish daisy-like flowers on tall stems. Grows 4 feet tall. **25c each; 5 for \$1.00, postpaid.**

BALLOON FLOWER

(Platycodon)

Showy deep blue flowers from June to October. Buds resemble a small blown-up balloon, open into beautiful bell-shaped blooms of finest quality and texture. Grows to 2 feet and is fine for cutting. **25c each; 5 for \$1.00, postpaid.**

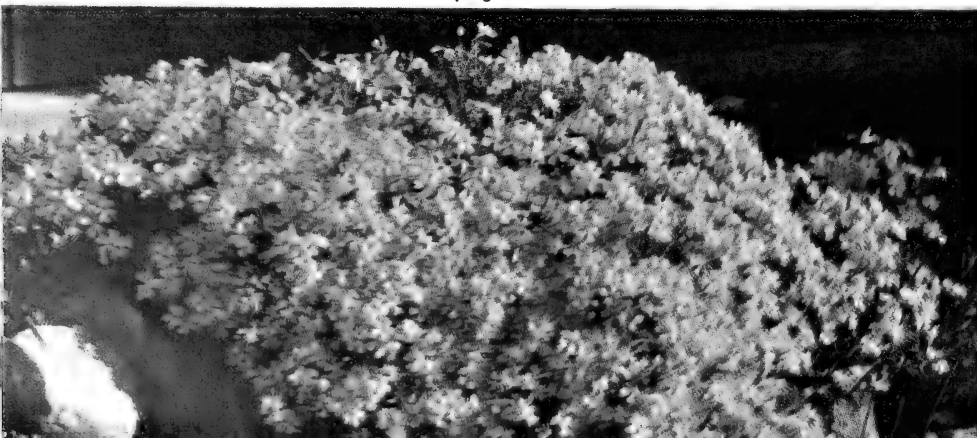

Platycodon or
Balloon Flower

For Rockeries, Banks, Borders or Edgings, Use Beautiful

DWARF CREEPING PHLOX NOW OFFERED IN THREE LOVELY COLORS—

One of the most beautiful of the low creeping plants is Phlox Subulata. Use it liberally in those spots where no other plant seems to do well and you will be de-

Dwarf Creeping Phlox in Pink

lighted with the results. It is hardy under all conditions and is a mass of color in early spring. **Nice, 2-yr. plants in pink, red, or salmon, 25c each; 6 for \$1.25; 12 for \$2.00, postpaid.**

Beautiful Statice Dumosa

MOST BEAUTIFUL STATICE

(Statice Dumosa)

A real cloud of misty lavender-pink loveliness and ideal in any location you care to plant it. Naturally beautiful in a bed, it becomes doubly so when used in mixed bouquets. Blooms over a long period of time and keeps well after cutting. Don't fail to get this splendid Statice. Grows 18 inches tall. **Price, only 30c each; 4 for \$1.00, postpaid.**

GYPSOPHILA, Bristol Fairy

The sensational double-flowering Baby's Breath. Large florets in heavy panicles make it ideal for cutting. Longer season of bloom, and if blossoms are kept cut as they begin to wither, it is possible to keep them flowering nearly all summer. Remember this is the true, grafted, double-flowering variety and far superior to the old-fashioned Gypsophila. Grows about 20 inches tall. **A bargain at only 30c each; 4 for \$1.00, postpaid.**

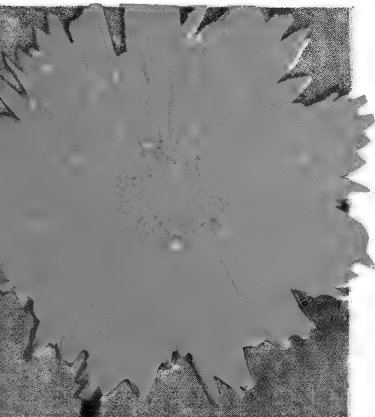

COREOPSIS, Double Sunset

Valuable for its profusion of showy yellow blooms all summer long. Long stems and fine for cutting and mixed bouquets. Hardy and very easy to grow. Reaches approximately 2 feet in height. **Heavy 2-yr. plants, 25c each; 5 for \$1.00, postpaid.**

EUPHORBIA

(Flowering Spurge)

One of the few dwarf plants with evergreen foliage. Extremely desirable for edging or low hedges. Grows only 1 foot high except at blooming time when flower stems 16 inches long grow up. Brilliant lemon-yellow blooms appear freely during early summer. Balance of year the evergreen foliage is very ornamental. **30c each; 4 for \$1.00, postpaid.**

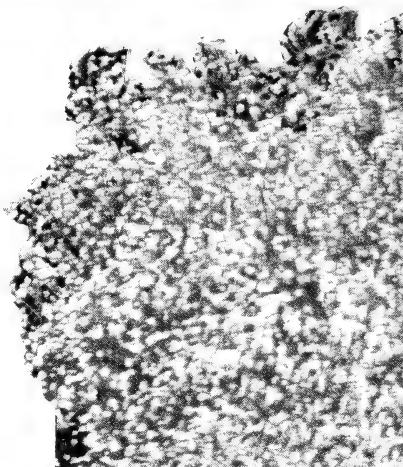

"Double Sunset" Coreopsis

4 One of each of the four colorful plants shown on this page. Will give plenty of color in your garden. Postpaid to your door for **\$1**

Double Baby's Breath "Bristol Fairy"

Evergreen Euphorbia

Teucrium—the Border Plant Supreme

Teucrium Used as Bed Edging

THE LOVELIEST of ALL BORDER PLANTS

TEUCRIUM THE IDEAL PLANT FOR EDGING FOLIAGE IS EVERGREEN, STAYS DWARF

To those of you who have written us regarding plants for a dwarf hedge; to those of you who have long wanted such plants, we now offer "Teucrium."

Ideal for all edging work, or for low border hedges. Foliage is evergreen and plants stay dwarf. Ten to fifteen inches is as high as they grow and an occasional very light trimming will hold their beautiful compact shape.

Hardy in all sections of the country and thrives in most any location. Ideal in front of low walls.

Should be planted 6 inches apart for a dense hedge.

Four or five plants planted in a group will make an ideal corner clump for a perennial bed or the corners of a Rose garden.

Don't fail to get some of these plants for that dwarf hedge you've wanted.

TEUCRIUM PRICES

Nice Heavy 2-Yr. Plants

**25c Each; 10 for \$2.00,
Postpaid. 25 for \$4.50;
100 for \$15.00**

**Note: Plant 6 inches apart for
close hedge. Requires only very
light trimming.**

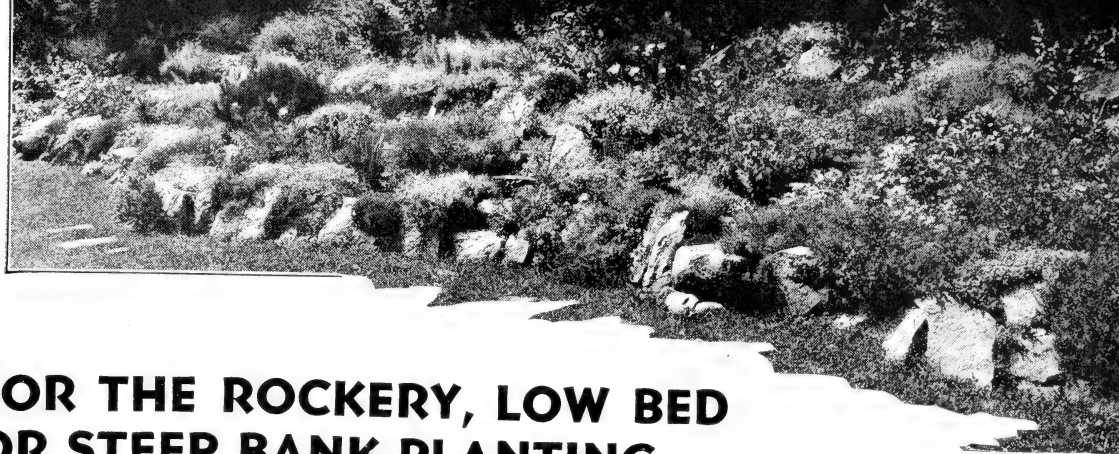

DWARF FLOWERING SHRUB HEDGE

• *Spirea Anthony Waterer* •

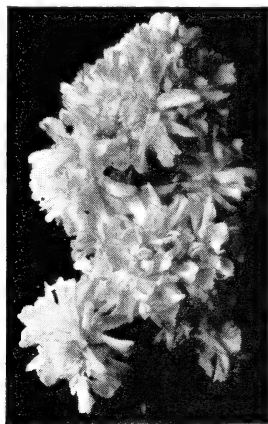

For those who prefer a dwarf flowering shrub for hedging, we offer Spirea Anthony Waterer. Reaches only about 1½ to 2 feet in height; foliage is dense and ornamental. Perfectly hardy and does well in all average soils. Blooms heavily in spring with large, flat, clustered blooms, the color of an American Beauty rose. Scattered blooms appear throughout the summer.

Very attractive for a dwarf hedge or for edging where a little taller plant is wanted than the Teucrium described above. Plant 16 to 18 inches apart for hedge, slightly closer for edging use.

Heavy rooted, 12 to 15 inch plants, 40c each; 10 for \$3.50; 25 for \$7.50.

FOR THE ROCKERY, LOW BED OR STEEP BANK PLANTING . .

New Double Lychnis

Special Rockery Offer

One of each of the six
splendid plants listed
for rockery planting. A
\$1.60 value.

for

New Double Lychnis

Truly breath taking in beauty are these New Double Lychnis plants in full bloom, ten weeks after planting. Stems rise 10 to 16 inches above plant and are topped with spikes of double, coral-red blooms. Hardy anywhere and requires only ordinary garden soil. We offer nice sturdy plants from 2-inch pots. Will bloom this year. **30c each; 4 for \$1.00, postpaid.**

Veronica Rupestris

A creeping carpet plant with brightest green foliage. Tiny blue blooms only an inch or so above the ground make bright color and beauty in spring. Bright green foliage all summer on banks, etc. **25c each; 5 for \$1.00, postpaid.**

Striped Grass

The ornamental, striped-leaved grass so useful for accent, spots of color in the rockery or on banks, etc. **25c each; 5 for \$1.00, postpaid.**

Festuca Glauca

Bright blue tufts of fine bladed grass add foliage beauty to your rockery or border. **25c each; 5 for \$1.00, postpaid.**

Dwarf Creeping Phlox

For the Rockery, Steep Banks, Borders or Edging Use

One of the most beautiful of the low creeping plants is Phlox Subulata. Use it liberally in those spots where no other plant seems to do well and you will be delighted with the results. It is hardy under all conditions and is a mass of color in early spring. Nice, 2-yr. plants, **25c each; 5 for \$1.00, postpaid.**

Beautiful Blue Forget- me-not

(Anchusa Myosotidiflora)

The True Perennial Variety

If you love the clear blue color of the dainty "Forget-me-not" blooms, then you will want several of these plants. The foliage is dark green and ornamental. Masses of bloom on stems arising about 12 inches. Ideal for edging or border work. Grows in shade. We offer sturdy, heavy rooted, 2-year plants which will bloom this year.

GENUINE OLD-FASHIONED SWEET WILLIAMS . . .

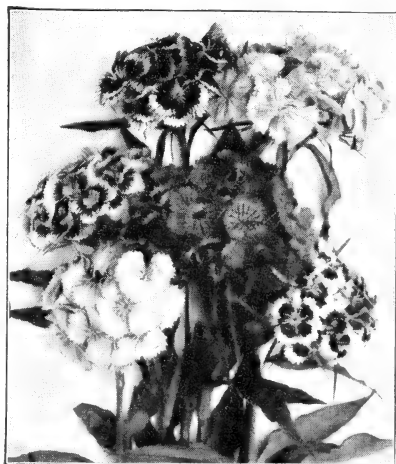

An Old-Fashioned Flower Which is Now Returning
to New Favor in Modern Gardens

MIXED COLORS FOR BRIGHT DISPLAY ALL SUMMER LONG

One of the best loved old-fashioned flowers. No garden is complete without a few of these plants. Very easy to grow and sure prolific bloomers. Will add much color and charm to the beds or border. We offer heavy rooted plants, in mixed colors only, which will bloom this summer.

NICE PLANTS FOR BLOOM THIS YEAR

20c each; 10 for \$1.50, postpaid

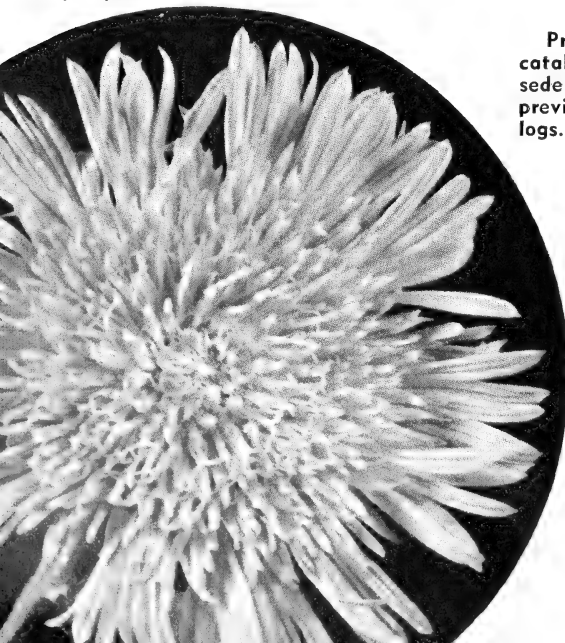

The Charming Blooms of Bleeding Heart

GAILLARDIA, "Sun God"

One of the finest additions to the famous family of Gaillardias. Immense, rich golden yellow blooms on tall, erect stems about 24 inches long. Very hardy and thrives under adverse conditions. Blossoms freely over a long period, providing lots of color in the perennial bed or border. Excellent as cut flowers, keeping a long time. **30c each; 4 for \$1.00, postpaid.**

Prices in this catalog supersede those in all previous catalogs.

Stokesia BLUE MOON

If you love a delicate blue shade in your perennial garden, then you will want to add a few of these plants.

Foliage is ornamental and large, disc-shaped blooms, often up to 5 inches across, have finely shredded petals crowd a rather high crown. Color is a clear azure-blue and is exquisite for bouquet use. Stems are 12 to 18 inches in length, making them ideal for cutting. Bloom profusely in July.

2-yr. plants for bloom this year, 30c each; 4 for \$1.00, postpaid.

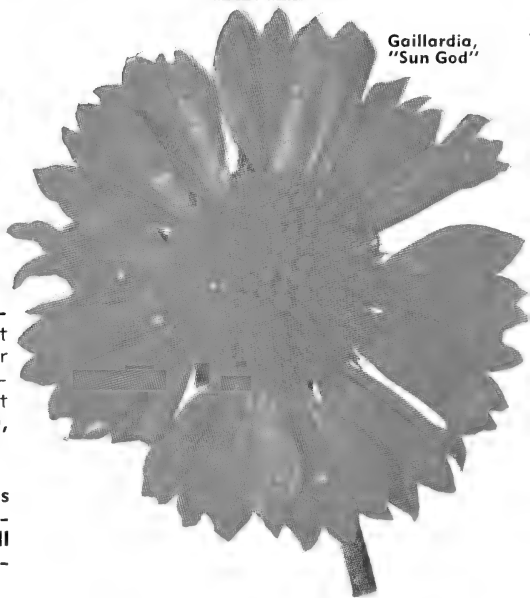

Beauty and Color

ADD SOME OF THESE HARDY
BE MORE THAN PLEASED WHEN

Bleeding Heart

Beloved by all. One of the most delightful of the spring-flowering plants. Bears numerous rosy red, heart-shaped flowers pendent on long arching stems. Grows to a height of 2 feet. It was a favorite in Grandmother's day and is still good. Don't fail to get it at this price. **2-year roots, will bloom this year, 40c each; 3 for \$1.00, postpaid.**

Note: Perennials, strawberry plants and plants from pots will not be shipped until planting time, when new growth has started.

Gaillardia,
"Sun God"

PLANTS TO YOUR PLANTINGS—YOU WILL THEY BLOOM NEXT SUMMER

ORANGE BUTTERFLY PLANT

(*Asclepias Tuberosa*)

THE ONLY HARDY PLANT HAVING TRUE ORANGE FLOWERS

This attractive plant produces an immense number of flowers during the months of July and August. Brilliant orange. It can be successfully grown in any type soil in any locality. Reaches height of 2 to 2½ feet. Withstands the most severe winters and the hottest summers, producing flowers year after year with no attention. Grows native in some sections of the country. Blooming size roots especially priced at only 25c each; 5 for \$1.00, postpaid.

Orange Butterfly Plant

THE POOR MAN'S ORCHID—

Iris "Shilka"

A NEW IRIS to beautify your gardens! Discovered by Prof. Hansen in the cold sections of Siberia, near the town of Shilka. Extremely hardy and blooms are oddly shaped, as shown in photo at the left. Color a delicate orchid. In fact, it has been called "the poor man's Orchid." A real beauty and one no flower lover will want to be without. **Plants from pots for sure growth, 35c each; 3 for \$1.00, postpaid.**

Beautiful Iris, "Shilka"—
"The Poor Man's Orchid"

LYTHRUM . .

A "DIFFERENT" PERENNIAL FOR YOUR BEDS OR BORDERS—HARDY—WILL BLOOM THIS YEAR

If you want a rather tall growing perennial that will provide a lot of bright pink color in your borders or beds during the hot months of July and August, then plant a clump of beautiful Lythrum plants. Reach a height of 3 to 4 feet. Matured plants form a clump which each year throws up a great number of willowy stems each of which terminate in a foot-long spike of bright pink blooms. Hardy, a rapid grower, and our 2-year transplanted plants will bloom this year. Don't fail to get some of these if you want good summer color in your garden.

30c Each; 4 for \$1.00

Pink Lythrum in a Perennial Bed

"LORD OF AUTUMN"

A beautiful coppery bronze Dahlia given FREE with each order for the 8 mixed Dahlias for \$1.50 described at right.

HAVE LATE SUMMER BLOOMS WITH DAHLIAS

Have exquisite blooms and lots of color in your fall garden by planting Dahlias this spring.

We offer this year an outstanding group of fine varieties of Dahlia tubers. This group includes 8 different, well known choice varieties, not labelled —8 distinct colors in Decorative, Cactus and Pom-pom types. **To save labor we are offering them as Mixed Dahlias only, at a lower than usual price.** However, we know you would pay much more than this under usual conditions. In addition we will include **Free** one root of "Lord of Autumn," a beautiful coppery bronze giant flowering Dahlia, with each order for the group of eight.

8 DAHLIAS AS DESCRIBED ABOVE
for \$1.50, POSTPAID

NOTE: With each order for the above group of 8 Dahlias, we will include FREE one root of "Lord of Autumn" described at the left. ("Lord of Autumn" ordered singly are \$1.00 each, postpaid.)

HARDY VINCA

for Evergreen Ground Cover

Unexcelled for Use on Banks, in Shady Places or Anywhere That You Have Difficulty Growing Grass

We know of no other plant which can excel this beautiful hardy Vinca as a ground cover. Will grow on slopes, hillsides, in partial or dense shade or in full sun. Forms a dense evergreen carpet under trees where grass will not grow. May also be used to stop washing and erosion on terraces or slopes. Trailing habit soon makes plants grow into a solid mass. Foliage is rich green and glossy. Tiny blue blossoms are borne for a short season in the spring. Plant 12 inches apart each way.

Nicely rooted, 2-year plants which will start to grow at once, 10 for \$2.00; 25 for \$4.25; 100 for \$15.00.

RED FLOWERING FOUR-LEAF CLOVER . .

• OXALIS OR AMERICAN SHAMROCK •

One of the easiest of all bulbs to plant and grow. Produces a succession of lovely rosy red blooms from early summer until late fall. Stems are only 8 to 10 inches long, which makes these charming plants ideal for bedding. When used for a low, flowering border they will be a delight to all who see it.

Plant bulbs in a sunny location 5 to 6 inches apart and 4 inches deep. Bulbs are about the size of marbles, but you will be amazed at the number of blooms each one will produce.

Dig and store in the fall the same as you do Gladiolus. **Healthy Blooming Size Bulbs**

30 for \$1.00; or 100 for only \$2.75, postpaid

HARDY ASTER

FOR FALL BOUQUETS . .

WILL BLOOM THIS YEAR

Without doubt the Harrington's Pink Aster has been one of the most beautiful new plants to be placed on the market. Its rich, clear pink color, good growing habits, hardiness and free blooming qualities have made it one of the largest sellers and most popular of perennial plants.

We have a nice stock of these in 2-year field-grown plants and we know you will be pleased when they start blooming in your gardens late this summer when other blooms are scarce.

40c Each; 3 for \$1.00, Postpaid

TWO OTHER HARDY ASTERS FOR FALL BEAUTY in the GARDEN

"STRAWBERRIES AND CREAM"

A very distinctive novelty Aster. Color is a creamy pink with a pastel yellow sheen. It is really a hard color to describe but we know you will love it either in the garden or when cut and taken indoors for bouquet use.

Very hardy and easy to grow. Produces literally masses of blooms. Individual flowers are about the size of a half dollar.

2-year plants, which will bloom this year.

40c Each; 3 for \$1.00, Postpaid

"CLIMAX"

One of the older varieties but still very popular because of its hardiness and sure-blooming qualities. Blooms are rich bluish purple with a bright golden center. Very colorful in the fall when garden color is scarce.

2-year plants—will bloom this fall.

30c Each; 4 for \$1.00, Postpaid

• DAPHNE •

(Sweet Scented Garland Flower)

Its dwarf spreading branches covered with small, slender leaves make pretty trails of blue-green foliage, which is evergreen. The real thrill and joy comes in April and May when the soft pink flowers appear in such profusion as to make the entire plant appear as a low pink mound. They fill the air with a particularly sweet and penetrating fragrance. Truly one of Nature's finest.

Strong, well rooted plants from 3-inch pots. We have found this to be the only sure method of transplanting these plants. 60c each; 3 for \$1.50, postpaid.

Hardy Aster — "Harrington's Pink"

Giant Flowering **PACIFIC HYBRID DELPHINIUMS**

Pacific Hybrids • *Delphinium Supreme*

These are the new Delphiniums you have been reading about in all the garden magazines. They have swept flower lovers off their feet from coast to coast. Words can not adequately describe the elegance and beauty of this marvelous new strain of Hybrid Delphinium. Giant stalks bearing flower spikes of enormous size. Individual florets are each perfect and exceptionally large, measuring at much as 2½ inches across. The colorings will thrill you. **Being Hybrids we cannot guarantee what shade the plant will bloom,** but they run the range of blues, lavenders and mixed shades. Some have outer petals of blue with inner petals of soft orchid. If you have followed the development of this beautiful introduction you know the prices asked for them elsewhere. Take a look at our prices at the right and we believe you will realize that Krider never holds you up in order that you may have the latest and best.

NOTE: We can also furnish same new strain in white at same prices.

HARDY REGAL LILY

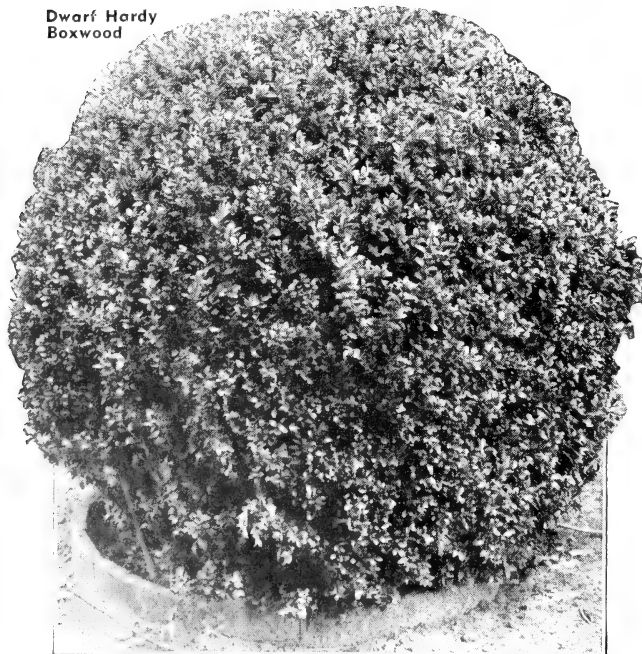

One of the best known and best loved Lilies. Tall stems, each bearing a number of long trumpet-shaped blooms. Pearly white inside, while outside of trumpet is a deep rosy pink. Very hardy, easily grown and an assured bloomer. Exceptionally fine for massed plantings. Nice large bulbs for bloom this year.

25c Each; 10 for \$2.00, Postpaid.

Regal Lily

Dwarf Hardy
Boxwood

DWARF HARDY BOXWOOD

For Dwarf Evergreen Hedges—Ideal for Edging Beds, Borders, Pools, Etc.

No doubt you have at various times admired the dwarf Boxwood hedges used so much for garden outlines on large estates. Most of the earlier Boxwood in this country came from England and later was much used in Virginia, New Jersey and other eastern states.

We have grown quite a nice stock of these plants which have proven entirely hardy in Northern Indiana and now offer them to our customers at a reasonable price. In extreme northern sections they should be given some winter protection. **Heavy rooted, 6-year-old, 6- to 8-inch high plants, 45c each, postpaid. 10 for \$3.50; 25 for \$7.50; 100 for \$25.00.**

(Note: For close hedges, plant 6 to 8 inches apart. For bed outlining plant 1 foot apart. Will eventually reach 2 to 3 feet high unless severely sheared and kept low.)

Beautiful Plants Make Attractive Gardens • ALL ARE HARDY PERENNIALS

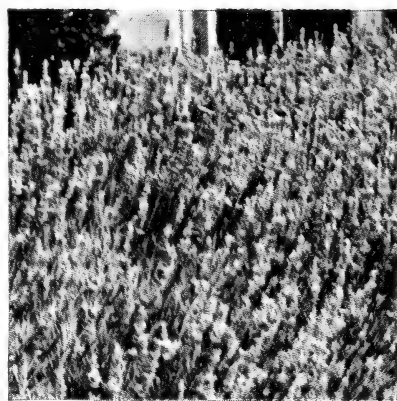

SWEET LAVENDER

(*Lavendula Vera*)

The real old-fashioned Sweet Lavender which our grandmothers grew and sprigs of which were liberally sprinkled among their choicest linens and woolens. It is just as lovely today and its fragrance just as pleasing. Softly shaded pastel lavender blooms in spikelike form make a delightful mass display during blooming period. Reaches height of about 2 feet. Hardy and easily grown in average soil.

Nice, heavy, 2-year plants which will bloom this year.

25c each, 5 for \$1.00, Postpaid

Sweet Lavender

RED CORALBELLS HEUCHERA, Pluie de Feu

A real coral-red Coralbell. For bright spots of color in the border or rock garden this splendid Coralbell serves admirably. Stems are strong and stand erect. Flower spikes are large and color is really brilliant. Excellent for shady spots. Grows 18 to 24 inches tall.

**Nice 2-yr. plants, 30c each; 4 for \$1.00,
postpaid**

**ALL 2-YEAR FIELD-GROWN
TRANSPLANTED PLANTS
which will bloom this year.**

Heuchera, Pluie de Feu

Pink Astilbe, Gloria

ASTILBE "GLORIA"

Hardy plant of the most striking character. Attractive foliage, and in June and July the plant throws up long, plummy wands of rosy pink bloom on 18-inch stems. Because of their feathery character and brilliant coloring, they are exceptionally showy during their blooming season of approximately three weeks. Excellent for low summer hedges, in perennial beds, or for accent pieces against shrub backgrounds.

Blooming size, fibrous bulbs, only

45c each, 3 for \$1.25, Postpaid

Dwarf Daisy, "Esther Reed"

GIANT FLOWERING HIBISCUS - "Mallow Marvel"

Truly the "show-boy" of the perennials. Shoots start each year from the ground and grow to a height of 4 to 6 feet. They then bear great numbers of giant bell-shaped blooms measuring six inches or more across. Rich in color and hardy as an oak. Wonderful for background subjects or for an informal high summer hedge. **Nice 2-yr. roots, only 25c each; 5 for \$1.00, postpaid.**

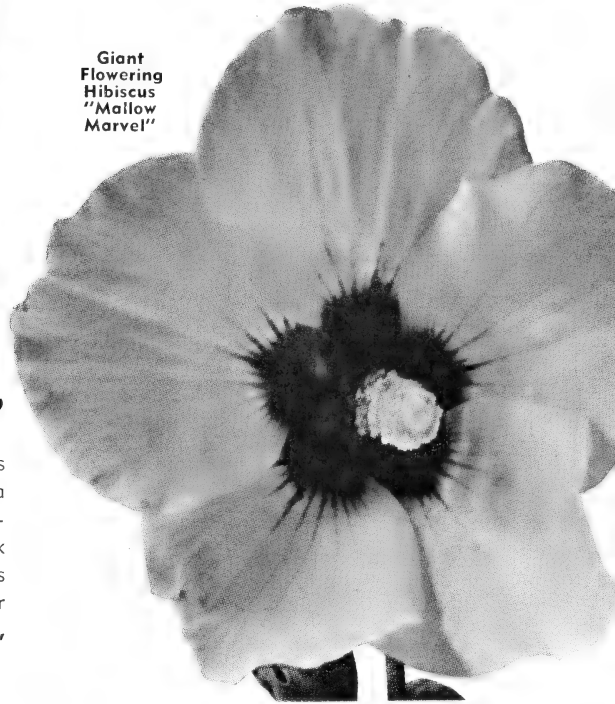

Columbine, "Crimson Star"

NEW DWARF DAISY "Esther Reed"

A new Daisy which can best be described as "captivatingly lovely." Dwarf in growth (stems reach about 8 or 10 inches high), but each stem is topped by a giant sized bloom of pure white, having daisy-like form, but with a tufted mound of tiny petals in the center. Planted in groups in the foreground they make a most attractive display over a long blooming period. **Plants which will bloom this year, 50c each; 4 for \$1.75, postpaid.**

Giant
Flowering
Hibiscus
"Mallow
Marvel"

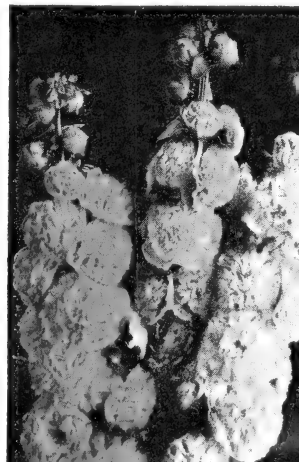

"CRIMSON STAR" THE MOST BEAUTIFUL COLUMBINE . . .

Very scarce and so much in demand that many growers cannot keep up with the demand. Planted in groups they present a lovely sight when in full bloom. Grow about 2 feet tall.

Rich dark crimson sepals and spurs, in wonderful contrast to the white petals—a combination of colors entirely new in Aquilegias. Flowers are extra large; plants are vigorous and free flowering. Beautiful in the garden or when cut. **35c each; 3 for \$1.00, postpaid.**

NEW IMPERIAL HYBRID DOUBLE HOLLYHOCKS

New hybrid variety of an old favorite garden flower. Their brilliant colorings and general hardiness make them desirable for all garden plantings. Come in assorted colors. Grow about 5 feet tall. **2-yr. roots, will bloom this year, 25c each; 5 for \$1.00, postpaid.**

AMERICAN HOLLY

Have you wished for a lovely Holly bush on your lawn? Have you dreamed of having your own glossy green leaves and red berries for the Holiday season? Now you can begin the realization of your dreams.

For a number of years we have tried various methods of propagating these plants so that they would transplant successfully. We believe we have the problem solved and are this year offering nice heavy rooted plants, 12 to 15 inches high, all ready to start immediate growth on your grounds.

Will grow in ordinary good garden soil but require plenty of water the first year or so after transplanting to insure proper root growth. Foliage is evergreen. Will begin to bear berries when about 6 years old.

**Plant Some of These Beautiful
Holly Plants This Year**

**12-15 inch plants, only
\$1.00 each; 3 for \$2.50**

Mature Specimen of American Holly—A Fitting
Ornamental for Any Lawn

May Day Tree Blooms

MAY DAY TREE

(*Prunus Padus Commutata*)

For Spring's first blooms

**Provides Some of the Earliest Masses of White
Flowers, First of May**

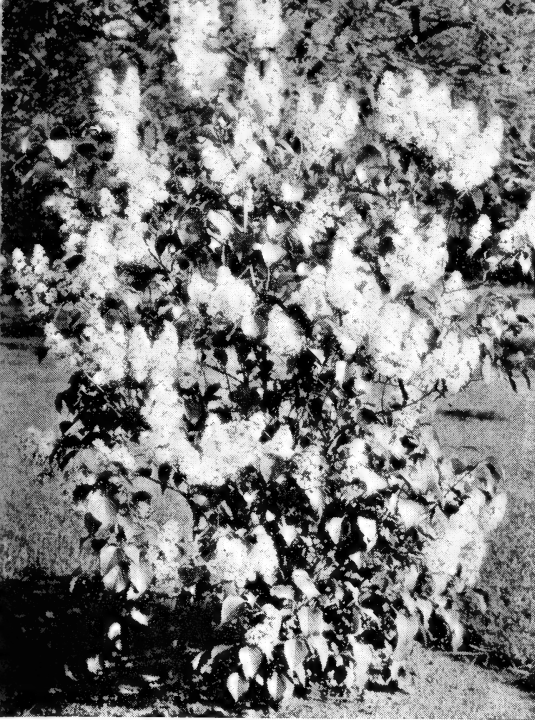

The first tree to leaf out in the spring. The first tree to bloom. Fragrant trusses of pure white bloom completely cover the entire plant in late April or early May. Bloom clusters resemble the Lilac in shape and are lovely for cutting. May be left in bush form for the border or trimmed up and grown as a specimen tree for the lawn. Flowers are followed by small fruits which are edible. Birds delight in them and come flocking to the tree. Grows rapidly, is perfectly hardy anywhere, and we heartily recommend it to those of you who are looking for something new and different for your grounds.

May Day Tree is a native of the cold rugged plains of Siberia. Prof. Hansen, father of the Bush Cherry (see page 73), has greatly improved and developed the May Day Tree for the Dakotas and colder regions of this country. Thus it is so hardy that it thrives immediately anywhere.

**Nice
3 to 4 ft.
Plants, Only**

75c Each

3 for \$2.00

**Always Popular and Always Lovely—
Old-Fashioned Purple Lilac**

A small treelike shrub with attractive leaves 2 inches long and an inch wide. Its popular appeal is the conspicuous silky catkins which bud in the fall, and make those "springy" bouquets just as the snow melts in the spring. Grows about 10 feet tall. **40c each; 3 for \$1.10.**

Wahoo Tree

(American Burning Bush)

A native shrub or dwarf tree growing from 8 to 10 feet in height. Heavy, broad-leaved foliage is attractive, and in fall and winter the whole tree is ablaze with a mass of bright red berries. Makes a startling sight against a snowy background. **2- to 3-ft. trees, 60c each; 3 for \$1.50.**

Rose Tree of China

PRUNUS TRILOBA. Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Very good for the border or for specimens. Grows 8 feet high. **Heavy rooted, 2- to 3-ft. trees, only 75c each; 3 for \$2.00.**

Rose Tree of China

ORNAMENTAL SHRUBS AND DWARF TREES . . .

Large growing shrubs should be planted 5 feet apart in shrub borders. Dwarf trees about 8 to 10 feet apart.

Old-Fashioned Lilac

No other shrub has quite the place in the hearts of people that the old-fashioned lilac has. Grows anywhere and its masses of light purple bloom in early spring are a constant delight. Fine for tall hedges, screens or specimens. No grounds complete without this fine old shrub. Grows to 10 or 12 feet tall. **40c each; 3 for \$1.10.**

REMEMBER
— All shrubs offered in this catalog are heavy, 2-year, blooming size. Do not confuse with cheap light grade shrubs.

Lilac Villosa

(Hungarian Lilac)

Leaves twice the size of regular Lilac. Dark green and waxy. Blooms about 30 days after other Lilacs have finished. An excellent variety to add to your plantings to prolong the blooming season. Grows to 10 feet tall. Heavy 2-yr. size. **40c each; 3 for \$1.10.**

French Pussy Willow

**French
Pussy Willow**

White Fringe

One of the showiest of all shrubs. Grows to small tree height, with large shiny leaves of deep green. Graceful and drooping, it bears clouds of lacy white blooms. Branches start close to the ground and it may be grown as a shrub or trimmed up and grown as a dwarf tree. Good in borders or for specimens. **40c each; 3 for \$1.10.**

SPECIAL! NEW KOREAN BARBERRY

A wonderful addition to the Barberry family. Grows more symmetrical and upright than the other Barberries. Mature plants have more of the form of a vase, with the branches growing close together and regular. Same good characteristics of the other members of the family. Easy to grow; does well in shade or semi-shade; makes excellent hedges; may be used for specimen plants or in the foundation planting. Foliage very green and dense during summer, turning brilliantly in autumn. Needs very little shearing to make a beautiful hedge.

40c each; 3 for \$1.10; 10 for \$3.00

Iris — "Purple and Gold"

Free!

With each order for the Collection of 8 Oriental Iris above we will send 1 root of "Purple and Gold" — FREE. With each order for the Bearded Iris Collection below we will send 1 root of "Black Magic" FREE.

BEAUTIFUL ORIENTAL IRIS

New and Outstanding Varieties

(Summer Blooming)

Immense flat blooms in the new pastel shadings which are so popular. Their summer-blooming period and their tall graceful habit of growth make them very desirable for borders, backgrounds or beds.

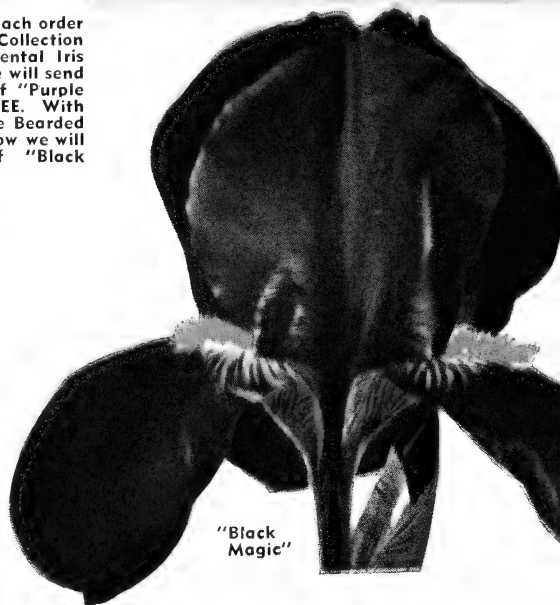

Plant some of these summer-blooming Oriental Iris and you'll be delighted with them. All are hardy. Plant in clumps or 1 foot apart in rows.

Evergreen Bittersweet

PLEASE NOTE

Don't miss the American Bittersweet on page 44 and the beautiful Vines shown in natural colors on page 45.

HARDY VINES ALL VINES ARE POSTPAID

Hall's Japan Honeysuckle

(*Lonicera Halliana*)

A strong, vigorous evergreen variety of Honeysuckle, with pure white flowers changing to yellow. Very fragrant and covered with blooms from June to November. **2-yr., 35c each; 5 for \$1.50.**

Chinese Purple Wisteria

Beautiful climbing vine of rapid growth, producing long, pendulous clusters of pale blue flowers. Fine for shading the upper part of a house. Will wind its way up any support.

Note: We are often asked why Wisteria does not bloom. The answer is that you have been getting plants raised from seed. Many of these will never bloom. We graft our Wisteria from blooming wood and guarantee that they will bloom the second or third year after planting. **2-yr. grafted, 75c each; 3 for \$2.00.**

NOTE: For ADDITIONAL VINES, See Page 45.

Boston Ivy

A splendid vine for covering, as it clings perfectly to the smoothest surface. Foliage is bright glossy green, changing to brilliant hues of scarlet, crimson and orange in the fall. This is the vine seen so much creeping up over brick walls of old churches and homes. Hardy and easily grown. All 2-yr. vines. **45c each; 3 for \$1.25; 12 for \$4.00.**

EVERGREEN BITTER-SWEET

(*Euonymus*)

Beautiful waxy dark green leaves and attractive orange colored berries that stay on the vine all winter. Foliage is evergreen and the vine will cling to brick, stone or any kind of wall. **2-yr., 75c each; 3 for \$2.00.**

How to Grow Clematis

Clematis will thrive in almost any climate but for best results they should be planted in a somewhat sunny location and in as near a non-acid soil as possible. If your soil is acid this condition may be remedied by mixing lime with the soil at planting time, or by thoroughly working lime into the soil around those plants already in place. Clematis should be set so that the dirt comes up about 2 inches on the stem above the roots. If planted with the crown just level with the soil they will soon wither and die from drying out. Dig the hole large enough so that the roots may be spread out naturally in planting. If the soil is poor the hole should be filled with good rich garden soil. Clematis planted in this manner and kept well watered (not drowned) will rarely fail to grow and do well.

[38] **The Hedge of the Future - Truehedge**

HARDY HEDGES

nuray Amoor River Privet Hedge

For beautiful living fences our Hardy Hedge Plants are unequalled. Highest quality, heavy rooted, healthy and sure to grow. Their low prices make them ideal for those who want hedge plants in any of the several varieties described below.

Red-Leaved Japanese Barberry

Very popular for specimen grouping and for edging taller plantings of shrubs or evergreens. Glossy purplish red leaves. Makes a brilliant, colorful hedge. 12 to 15 in., 25 for \$2.50; 100 for \$8.00.

Green Leaved Japanese Barberry

America's most popular low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Brilliant red berries in great numbers stay on through the winter months. Perfectly hardy and will grow in shade or on poor soil. May be pruned or sheared any time. 9 to 12 in., 25 for \$1.00; 100 for \$4.00. 12 to 15 in., 25 for \$2.50; 100 for \$8.00.

Spirea Van Houttei for Hedging

The most popular of all shrubs. Profuse clusters of tiny white blooms completely cover the sweeping branches in May. Delicately cut leaves stay bright green until autumn, then turn to bright shades of bronze and yellow. Grows to 6 feet, but may be pruned any time after blooming period. Makes a beautiful flowering hedge. 2-yr., 18 to 24 in., 20 for \$2.00; 100 for \$8.00.

Bush Honeysuckle for Hedging

No hardier plant can be found than the Bush Honeysuckle. Grows to a height of 8 to 10 feet, with upright and somewhat spreading branches. Foliage is bright green and flowers are borne freely in May and June. Very fragrant and attracts bees and humming birds. Showy red berries ripen in summer and cling to the bush for many weeks. The best shrub in our nursery for a high compact hedge, for screening purposes, or to attract birds. 2-yr., 18 to 24 in., 25 for \$3.00; 100 for \$10.00.

Finest Evergreen Hedge

TAXUS CUSPIDATA (Japanese Yew). The last word in Evergreen Hedges. Rich looking, dark evergreen foliage. As they age they become covered with brilliant red berries in fall. Will stand heavy shearing and will make a dense, compact, beautiful hedge if planted 18 inches apart. Heavy rooted 6- to 9-inch plants, 25 for \$8.00, postpaid. 100 for \$25.00, postpaid.

NOTE: We sell 50 of any variety of hedge at the hundred rate.

Japanese Barberry for Informal Hedges

PLANTING AND GROWING HEDGES

Beautiful hedges are easily grown if a few simple instructions are observed. Dig a trench 10 to 12 inches deep and the width of a spade. Set the plants a couple of inches deeper than they stood in the nursery. This insures a dense hedge at the base. Privet should be set 10 inches apart, Barberry about 18 inches. Shrubs such as Spirea 18 inches, Chinese Elm 2 feet, and Evergreens 2 to 3 feet. Spacing may be varied depending upon the density desired. After soaping plants, fill in about one-half of the depth of the trench, then flood with water. After settling fill in balance of the trench and tramp firmly. Leave a slight depression along each side of the hedge to retain water. Keep thoroughly soaked until well started. Privet should be cut back to about 8 to 10 inches after planting to promote vigorous growth. Hedges planted in this manner rarely fail to grow.

Hardy Amoor River Privet

Most universally planted of all hedges. Shiny dark green leaves, not subject to blight or disease. Very hardy, a rapid grower. May be sheared any shape. Plant 10 in. apart and prune back to 8 to 10 in. after planting for a dense, hardy hedge. 2-yr., 18- to 24-inch, well branched, 25 for \$2.50; 100 for \$8.00. 2-yr., 12- to 15-inch, \$6.00 per 100.

Columnberry

U. S. Plant Patent No. 110

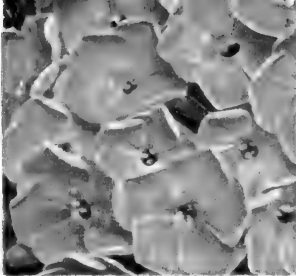

For those of you who really want the last word in hedges, we offer this remarkable plant which is taking the country by storm. Grows in natural, closely compact hedge form. Does away with frequent shearing and trimming. Foliage a beautiful deep green and is resistant to disease. Perfectly hardy and needs practically no care. May be sheared into any shape for formal effect. Can be planted in tubs or boxes for entrance posts. Resembles Boxwood and is often mistaken for it. You will be amazed at the uses and beautiful effects you can create with this plant. Truly one of the most remarkable, most useful and most generally satisfactory plants we have ever offered. **Read Our Guarantee on Page 3.**

12 of the WORLD'S BEST VARIETIES of HARDY PHLOX

2-YR. FIELD-GROWN ROOTS WHICH WILL BLOOM THIS YEAR

We consider this to be one of the finest groups of Hardy Phlox we have ever offered. Note the outstanding varieties and beautiful color range. Note also that this collection includes "Pinkette", a lovely new Phlox introduced only last year. Its beauty really excited us here at the nursery where we are used to seeing beautiful blooms. We know you will love it when it blooms in your garden this summer. It is only because we are one of the country's largest growers of Phlox that we can offer you these twelve fine plants at our low price. These plants all bloomed in our fields last fall, and will bloom for you this summer and into the fall.

Do Not Allow Your Phlox to Go to Seed

Keep blooms cut as they fade. If you permit plants to go to seed they will drop hundreds of the seeds of the plant. Next year masses of seedlings will spring up. These usually have the color of the parent plant, but soon kill out your true variety. This soon makes the bed a mass of seedlings.

Special PHLOX Collection

The twelve varieties which we offer on this page we believe to be the twelve best varieties grown today. They are hardy, many are proven new varieties, their colorings are the finest produced and they will give you satisfaction and pleasure wherever planted.

[41]

NOTE: Larger growing shrubs should be planted about 4 feet apart for shrub borders, medium growing sorts 2 to 3 feet apart and dwarf kinds about 1½ to 2 feet apart. We give the approximate matured height in descriptions of varieties. This will help you to properly plan a shrub border and compute the number of plants necessary.

Have Backyard Privacy with a Beautiful Flowering Shrub Border

Krider's Shrubs *for Beautiful Grounds*

ALL SHRUBS ARE HEAVY 2-YR. BLOOMING SIZE

Bush Honeysuckle

For a tall hedge or to screen an unsightly view there is no shrub so valuable. Will grow to the height of 10 to 12 feet in a few years. A beautiful shrub both summer and winter. Is the first to clothe itself with leaves in the spring, and its fragrant flowers and luxuriant foliage are a constant delight. Bright red berries cling to the bush all through the winter, giving a brilliant touch of color to the winter landscape.

Deutzia, Pride of Rochester

The most popular and hardy of the Deutzias. Grows from 6 to 8 feet in height, and its mass of pinkish white bloom in June is a joy to all beholding it. Does well in any type of soil and for specimen or mass planting it is indispensable.

Tamarix Africana

These large shrubs have foliage resembling asparagus leaves, with a drooping, feathery appearance. Bear delicate pink flowers in great profusion in early summer. Does well in any type of soil.

Green-Leaved Barberry

No shrub is so generally planted or has so many practical uses as Japanese Barberry. It hasn't a single serious fault, and can be grown in shade, moist, dry or sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with luxuriant green foliage in summer and flashing red berries all winter make a most pleasing sight.

Deutzia Gracilis

One of the most beautiful of the dwarf shrubs. Grows to a height of 2 to 2½ feet. Trumpet-shaped white blooms are borne close to the stems, giving the appearance of flowering wands. Excellent for use where low-growing shrubs are wanted. Foliage is ornamental all through the summer.

A Real Krider Value

KRIDER'S SURPRISE SHRUB COLLECTION (Our Choice)

Think of getting six fine shrubs at such a low price. We will select six choice shrubs, 1 of each of 6 varieties, name and label each one. A real \$2.20 value.

**6 for only
\$1.85**

Plant tall shrubs 4 feet apart, medium varieties 3 feet, and dwarf kinds 1½ to 3 feet apart.

Spirea Van Houttei

Without doubt one of the most useful and most widely used shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. May be used for specimens, massed, or for hedges. Will grow to 8 feet high if untrimmed.

Spirea Prunifolia

Tall, upright growing member of the family. Ideal in shrub borders or corner plantings. Small rose-shaped blooms. Has profuse blooming habit of all Spireas. Foliage is attractive and turns to pleasing shades in autumn. Very hardy and easy to grow. Reaches 8 feet if untrimmed.

Spirea Froebeli

Red Foliage in Spring

Large flat clusters of deep pink flowers nearly all summer make this variety especially good for nearly all plantings. Dwarf in habit and fine for inner border work. Will get about 30 inches high.

Korean Spirea

One of the most graceful of Spireas. Slender arching branches and excellent foliage. Masses of yellowish white bloom in spring. Will reach about 4 to 5 feet in height but may be trimmed back. Very hardy and a fine border shrub.

Dwarf Ninebark Spirea

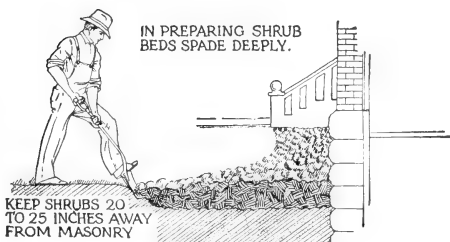

Semi-dwarf and very thick and bushy in growth, attractive light brown bark, creamy white bloom. Very good for informal hedges or low borders. Reaches 30 inches in height.

Snow Garland Spirea

One of the finest of the early flowering shrubs. Blooms just as the leaves appear. Entire bush becomes a mass of tiny white flowers. Foliage is cut leaved, lacy and very ornamental in summer. In fall, after the first frost, it flames brilliantly into shades of red, gold and bronze. Perfectly hardy and thrives under average conditions. Grows to about 4 or 5 feet tall, making it a valuable addition to the list of medium sized shrubs.

New Golden Spirea

A beautiful shrub with bright yellow leaves which turn to golden bronze in the fall. White blossoms followed by brilliant fruits. A sturdy, upright grower and valuable for color contrast.

PINK → WISTERIA

Just look at the photo at the right of this gorgeous pink Wisteria. Can you imagine these growing and blooming on your grounds? Very hardy and will climb a lattice or arbor or any good support. May be staked and trimmed to grow in bush or tree form. Long panicles of bloom and superb rich pink color. We offer heavy 2-year, grafted plants. These grafts are from blooming wood, so you may be sure your plants will bloom (usually the second or third year after planting). **2-yr., grafted vines, \$1.00 each; 3 for \$2.50, postpaid.**

SILVER LACE VINE

In a short few years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. Gives a most exquisite effect and is one of the most satisfactory vines. **45c each; 3 for \$1.25, postpaid.**

**NOTE THE SPLENDID VARIETIES
OFFERED ON THESE TWO PAGES.**

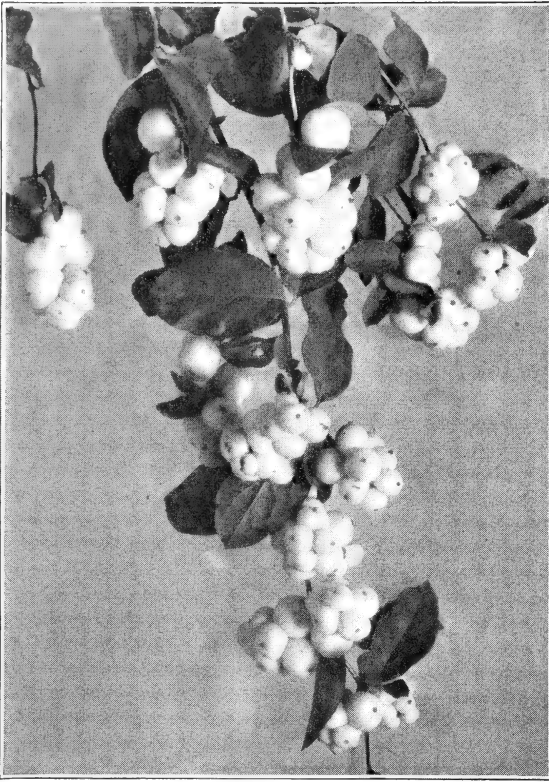

Snowberry

(*Symphoricarpos*)

WHITE SNOWBERRY. Diminutive rose colored flowers in June and July followed by clustered milk-white fruits which remain far into the winter. Bush is compact in form with numerous slender branches. Can be used in small groups or large masses. Due to its dwarf habit it is valuable for foregrounds in shrub plantings. Grows about 30 inches high.

New Red Snowberry

This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. Don't fail to get some of these shrubs for shady locations.

White Snowberry

Shrub Dogwood (Cornus)

RED TWIG. Grows 6 to 8 feet high, with clusters of fine white flowers; white berries. Stems and branches turn to blood-red in winter.

YELLOW TWIG. Similar in habit to Red Twig except the bark is a beautiful golden yellow.

Forsythia Spectabilis

Earliest blooming. Lights up the landscape with glinting yellow before the leaves appear. Flowers often come out before the snow is gone. This is the large flowering variety, having flowers twice the size of the older kinds. Thrives in any locality. Grows 8 to 10 feet tall. May be pruned.

Gold Flower - Hypericum

A shrubby recumbent bush, 3 to 4 feet high, with smooth arching branches. Has single golden yellow blossoms and beautiful fine foliage. Does very well in partial shade if soil is not too dry.

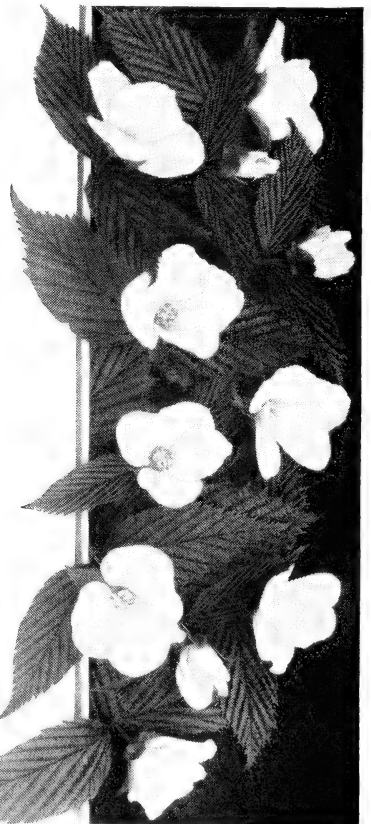

Aronia - Chokeberry

Attractive shrub growing to a height of six feet. Foliage a delightful green, changing to flaming shades of red in the fall. Masses of brilliant berries make this shrub especially desirable. Does well in shade.

Rhodotypos

(Jetbead)

An attractive rounded shrub reaching 4 to 5 feet in height. Beautiful yellowish green foliage with distinct corrugations. Large, single white flowers in late May followed by black berries which remain through the fall. Will do well in shade or semi-shade. Very desirable.

Rhodotypos (Jetbead)

Krider Nurseries,
Middlebury, Indiana

As per usual your shipment of shrubs arrived in perfect order. Well rooted, good sized and I know every one should grow. Different from stock shipped by many nurseries. Yours truly, A. A. T.

These Grand Shrubs

Beautiful Hydrangeas

PANICULATA GRANDIFLORA. Flowers in August with huge panicles, measuring from 8 to 12 inches long. Blossoms are first a delicate shade of pink gradually changing to bronze in early autumn.

ARBORESCENS GRANDIFLORA (Snowball Hydrangea). Has the appearance of a low-growing Snowball. White, clustered flowers appear in June and July, lasting for weeks. Very hardy and does well in shady locations.

OAK-LEAVED HYDRANGEA. A truly marvelous bushy shrub. Flowers in large creamy clusters. The dark green foliage has a silvery sheen on under side and turns to a glowing red in the fall. Grows to a height of 4 or 5 feet. and is very effective as an ornamental shrub. Does well in shady locations.

Witch Hazel Blossoming
in an Early Snow

*All Shrubs
on this page*

Heavy 2-year
Blooming Size

50¢ each

**3 for
\$1.25**

Flowering Almond

Earliest spring-flowering shrub, in full bloom before the leaves appear. Beautiful pearly pink, double blooms snuggle tight to the twigs, completely covering the bush. Medium height, reaching about 4 feet.

Winterberry

(*Ilex Verticillata*)

Beautiful foliage, flashing red berries remain until Christmas. Branches and berries make excellent Christmas decorations. Splendid growing habit makes this an outstanding and beautiful shrub.

Witch Hazel

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch Hazel flaunts its brilliant yellow flowers.

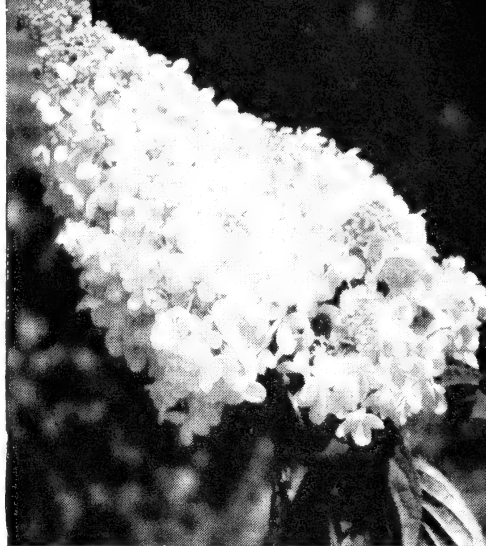

It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Witch Hazel will be an interesting and valuable addition to any shrub border. Grows 4 to 5 feet high.

The Fuzzy Red Fruits of
the Fragrant Sumac

Fragrant Sumac

This sweet-scented shrub is conspicuous in early spring with bright yellow flowers in clustered spikes. In autumn it bears loads of fuzzy red fruits in dense clusters. Good foliage; a fine low plant for the front of the shrub border and ideal for covering banks as it does well in dry locations. Reaches 30 inches high.

Hydrangea P.G.

Hydrangea A.G.

Oak-Leaved Hydrangea

Virginal Mock Orange

For Brilliant Fall Foliage **Euonymus Alatus (Cork Bark)**

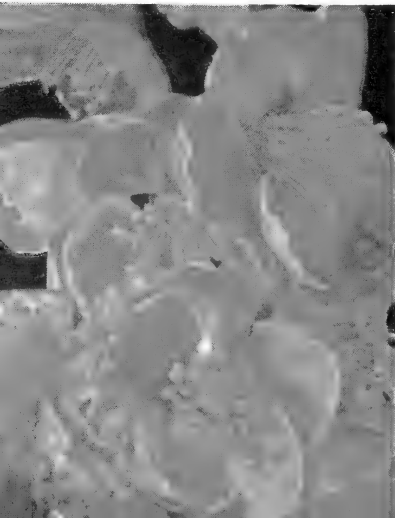

An attractive shrub because of its heavily ridged branches. Flutings resemble layers of cork. Foliage is especially fine in autumn when it changes to many brilliant shades. Grows 6 to 8 feet tall.

Firebush

New, Taller, Upright Growing Type.

Early in the spring this attractive shrub is completely covered with dazzling orange-scarlet flowers which are followed by small, fragrant, quince-shaped fruits. Foliage waxy and dark green. Branches are rough and closely knit, making it desirable for hedges.

The Brilliant "FIREBUSH" (Cydonia)

BRIGHT COLORS PLANT SHRUBS! THE MOST

ALL SHRUBS ON THIS PAGE:
HEAVY, 2-YEAR BLOOMING SIZE

60¢ each 3 for \$1.50

Mock Orange

VIRGINAL. Blooms throughout the season. This wonderful Mock Orange is without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer.

Euonymus Alatus or Cork Bark Shrub
Showing Brilliant Autumn Colors

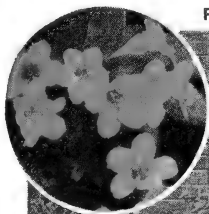

Weigelas

FLORIBUNDA. The everblooming red Weigela Floribunda surpasses all other red-flowering shrubs. Much hardier than Eva Rathke and a better flower. Commences blooming early in spring and continues all summer long. Leaves are a rich glossy green and densely cover the branches. A necessity in every border planting. Will reach 5 feet in height.

ROSEA. One of the finest of the family. Tall and vigorous growing with abundant deep pink flowers in June. Occasional blooms the balance of the summer. Will reach 7 to 8 feet in height.

60¢ Each; 3 for \$1.50

Snowballs (*Viburnum*)

DENTATUM (Arrow-Wood). Bright green heart-shaped leaves which turn to brilliant shades of red and purple in autumn. Creamy white flowers borne in abundance in May and June. Deep purple fruits add to its attractiveness. Grows to a height of 8 to 12 feet.

OPULUS STERILE (Common Snowball). A favorite shrub bearing great masses of ball-shaped white flowers in May. Grows 8 to 10 feet tall.

DILATATUM. One of the best *Viburnums*. An upright bushy shrub eventually reaching 10 feet in height. Deep green, oval-shaped leaves. Pure white flowers borne in cymes 3 to 6 inches across. Very hardy and free flowering. Masses of globular scarlet berries remain through the winter, making a striking contrast to the snow.

Viburnum Americanum

One of the best of all *Viburnums* for the shrub border or anywhere that a fairly tall shrub is needed. Beautiful bright green foliage; clustered white blooms in May; clumps of extremely large ornamental bright red berries following and remaining until early winter. Berries are about twice the size of those on the regular high-bush Cranberry. Will reach 8 to 10 feet high when matured.

Everblooming Tamarix

One of the finest ever grown. Beautiful shrub with soft fern-like foliage of a rich powder-blue color. Shell-pink blooms appear early in the season and continue until frost. Add a few of these and notice how they light up your whole planting. Mature height, about 10 feet. (Note: The wood of this shrub is extremely hard, therefore they are among the last shrubs to start leafing out in the spring. Many do not get out in leaf until the middle of June here in the nursery.)

Everblooming Tamarix

Large Red Berries of *Viburnum Americanum*

Special! Nanking Cherry

(*Prunus Tomentosa*)

Beautiful dark waxy green leaves. Bright red fruits are edible if desired. Grows to 10 feet high. A valuable addition to a tall shrub border or may be used as specimens. Creamy white blooms in profusion. Heavy 2 to 3 ft. size.

REMEMBER — All shrubs offered in this catalog are heavy blooming size. Do not confuse with cheap light grade shrubs.

Sweet-Scented Shrub

(*Calycanthus*)

A favorite in all gardens and admired for its spicy aroma. Peculiarly shaped brown blossoms during most of the summer followed by attractive seed pods. 4 to 6 feet when matured.

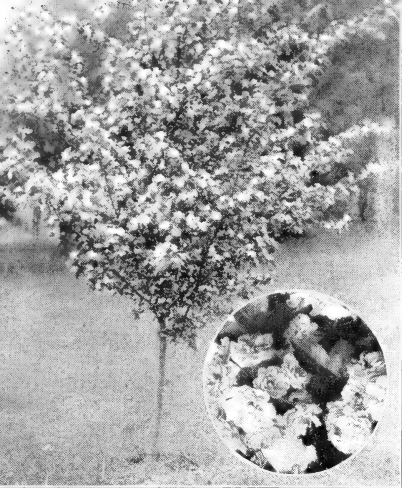

**Oddly Shaped
Chocolate-Brown Blooms
of *Calycanthus***

Beauty Bush

(*Kolkwitzia Amabilis*)

Charming new shrub recently introduced from China. Center stems are upright, the outer branches gracefully arching. Very attractive foliage. Blooms profusely in June. Flowers are bell-shaped, pale pink with orange veins, and are borne in long clusters along the branches. Does well in shade and grows rapidly.

ORNAMENTAL and Flowering Trees

Paul's Double Scarlet Hawthorn

Popular low growing tree that is hardy all through the states. In May and June it is covered with double scarlet flowers which are followed by red berries. The foliage is a rich green which colors to a mass of brilliant hues in the fall. We give this tree top rating for specimen planting. **Large 4- to 6-ft. field-grown trees, \$1.50 each.**

Paul's Double Scarlet Hawthorn

Pyramidal Birch

A beautifully shaped tree which has all the beloved characteristics of the Birch plus a unique habit of growth. Branches grow upright, forming a lovely pyramidal shaped tree. **Heavy rooted, 5- to 6-ft. size, \$2.00 each; 2 for \$3.50.**

Purple-Leaf Birch

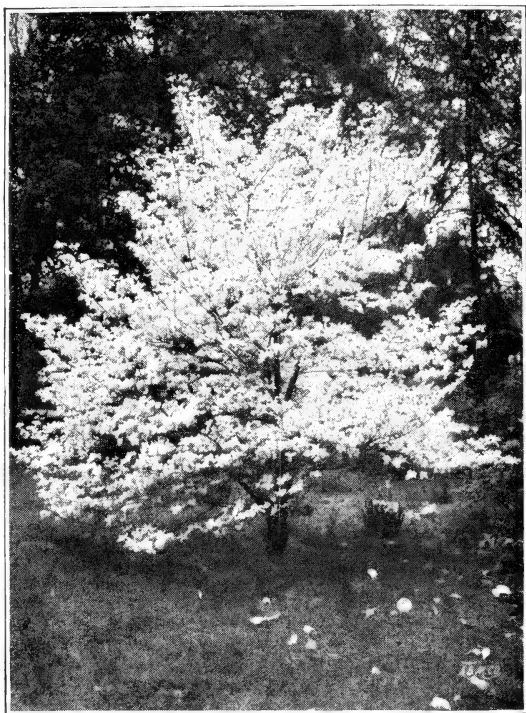

Same size and price as Pyramidal Birch. Bark is rich purplish color. Leaves are purple and very ornamental. Plant a couple of these for variety in lawn foliage. **\$2.00 each, or you may have one of each for the \$3.50 price given above.**

White Flowering Dogwood

Our most beautiful native flowering tree. The leaves are oval, bright green, and turn to shades of red in the fall. Early in spring the large white Dogwood blossoms come and present a sight to please the most exacting. **Heavy rooted, 1½- to 2-ft. trees, only 60c each; 2 for \$1.00.**

Caragana Arborescens

Bushy, dwarf tree reaching 12 to 15 feet at maturity. Heavy, fine foliage. Masses of yellow blooms in late May or early June, followed by clusters of drooping pods in fall. **2- to 3-ft. size, 60c each; 2 for \$1.00.**

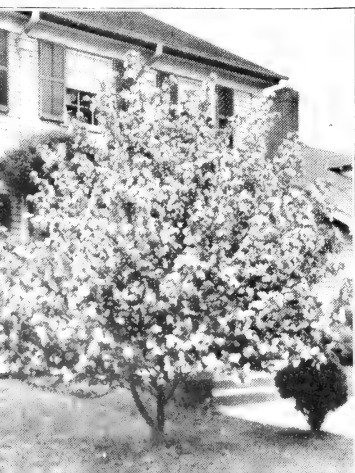

White Flowering Dogwood—Spring's Loveliest

Silver-Leaved Bolleana Poplar

One of the finest of all the Poplars. Tree grows erect and symmetrical, like the Lombardy in shape. Long lived. Bark of soft, light green and foliage of wonderful color and density, silver-gray on the under side. We have some nice specimens, **4 to 5 ft. tall, at only 75c each; 10 for \$6.00.**

Bechtel's Double Flowering Crab

Bechtel's Flowering Crab

The only one of the flowering crabs having double flowers. Tree is dwarf in stature and in spring is almost hidden by the abundance of beautiful blooms, each resembling a small pink Rose. **2- to 3-ft. trees, \$1.00 each; 2 for \$1.75.**

Tulip Tree

One of the loveliest of our native trees, and the State Tree of Indiana. Tall growing, of shapely habit, and its large irregular leaves make it ideal for quick shade. Bears numerous tulip-like flowers in spring. Blooms are yellow, marked at inside base with orange. **5- to 6-ft. trees, \$1.25 each; 2 for \$2.25.**

PLANT THESE BEAUTIFUL TREES AND ENRICH YOUR HOME SURROUNDINGS.

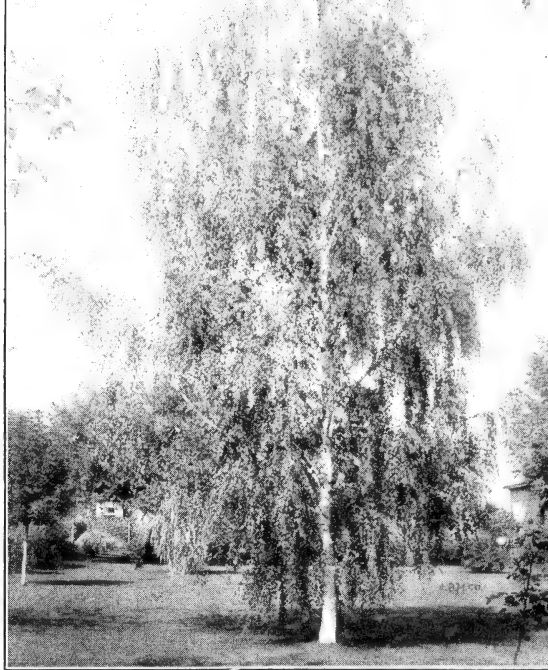

NOVELTY TREES

WHICH WILL INCREASE THE
BEAUTY OF YOUR HOME
SURROUNDINGS

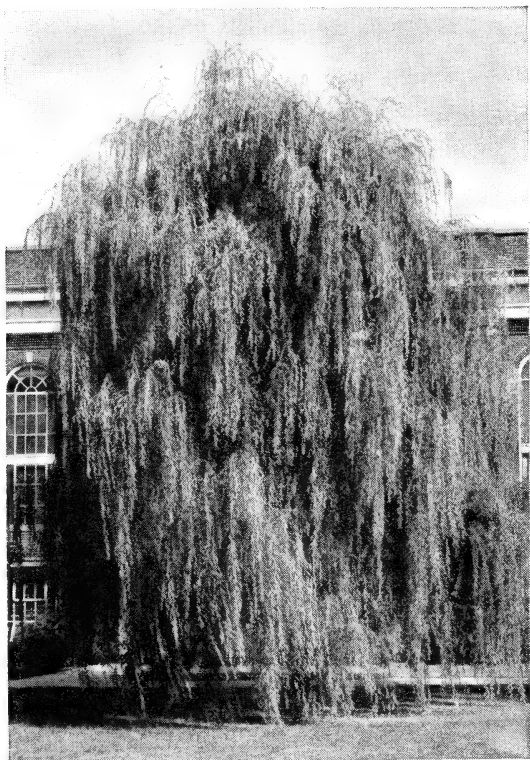

Cut-Leaf Weeping Birch

No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. **Nice, straight, 5- to 6-ft. trees, \$2.25 each; 2 for \$4.00. 6- to 8-ft. trees, \$3.50 each; 2 for \$6.00.**

NOTE: Birch have to be 3 or 4 years old before the bark turns white. These larger, 6 to 8 ft trees have white bark.

Cut-Leaved Weeping Birch

Weeping Willow for Graceful Beauty

Weeping Willow

The well-known graceful Weeping Willow whose long drooping branches, densely covered with fresh green leaves, make it one of the best loved trees. Very rapid grower. **5- to 6-ft. trees, \$1.00 each; 2 for \$1.75.**

Ginkgo Biloba or Maidenhair Tree The Oldest Tree Known to Man

"The Oldest Tree Known to Man" GINKGO BILOBA or MAIDENHAIR TREE

Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost invaluable. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall.

**3 to 5 Ft. Shapely Trees, \$1.50 Each;
2 for \$2.75**

Colorful SHRUBS for Modern Homes

ADD NEW COLOR AND SPARKLE TO
YOUR GROUNDS WITH THESE

Red-Leaved Barberry

This brilliant Barberry is becoming more and more popular every year. Bronze-red leaves during the summer turn to fiery red in fall. Red Barberry should be planted in full sun for best color results. For hedging sizes, see page 39. 40c each; 3 for \$1.10.

Red-Flowering Honeysuckle

Krider's Red Honeysuckle

Get This Beautiful
New Bush Honeysuckle.
Perfectly Hardy.

This remarkable shrub will thrill you with its wonderful deep green foliage, its quick sturdy growth, its hardiness and its fine blooming habit. All the fine qualities of the Bush Honeysuckle plus a distinctly new color of blooms. The actual colored photograph above cannot do justice to the beauty of this shrub. It thrives in most any location or in most any type soil. When it is in full bloom it is literally studded with glowing rosy red flowers of most exquisite fragrance. Mature height, 8 feet. Heavy, 2-yr. blooming size, 75c each; 3 for \$2.00.

Cotoneaster Divaricata

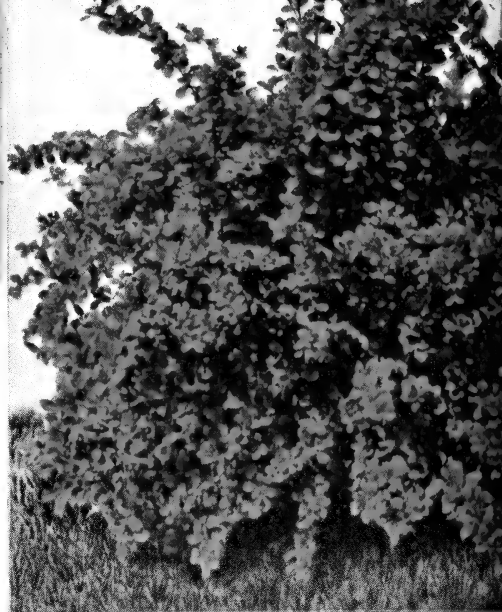

A Truly
Exquisite Shrub

Slender, upright branches are covered with small, dark green leaves which remain late into the fall. A semi-dwarf type rarely reaching five or six feet in height. Masses of red berries form during late summer and remain over winter, making a striking effect against the snow. Perfectly hardy and easy to grow. May be used with evergreens in foundation plantings. Easily kept to almost any size by pruning. We recommend this as a really outstanding shrub. Heavy, 2-year blooming size, 75c each; 3 for \$2.00.

Cotoneaster Divaricata—Bright Berries

→
Althea
(Rose
of
Sharon)

Red-Leaved Barberry—For Color Contrasts

Althea - Rose of Sharon

Tall, beautiful flowering shrubs, distinctive because of their blooms. Double flowers resemble Roses with tightly curved petals. Color shades stand out vividly in group plantings or as specimens. Very worth-while plant to buy, as they are easily grown, unusually hardy and bloom long and lavishly.

Note: The Altheas are very late in leafing out in the spring. Do not be alarmed if they stand dormant up into June.

We offer 5 distinct and beautiful colors: **Vivid Red, Pink, White, Blue and Variegated.** Your choice at 45c each or 5 for \$2.00.

Gardenia-scented Viburnum Burkwoodi

Viburnum Carlesi—Delightful Fragrance

• TWO OF THE WORLD'S MOST FRAGRANT FLOWERING SHRUBS

The Gardenia-Scented WONDER SHRUB

(Viburnum Burkwoodi)

The Real Aristocrat
of All Shrubs

Hardy — Easy to Grow

A real beauty added to the Viburnums. This grafted variety brings you the extreme hardiness, rapid growth, beautiful fluted foliage and general dependability of the family plus a new loveliness of bloom. Large, ball-like masses of waxy creamy white have a rich Gardenia fragrance similar to Viburnum Carlesi. In the dusk of evening the perfume will envelope the whole lawn. Plant is semi-dwarf, seldom over 5 feet when matured. Foliage colors richly in fall.

\$1 each; 3 for \$2⁵⁰

Postpaid

VIBURNUM CARLESI

(Mayflower Viburnum)

A truly grand medium size shrub from Korea, prized for its exquisite fragrance similar to that of the Trailing Arbutus. The waxy flower clusters, pearly pink in bud, pure white when open, appear early in the spring. Thrives under the most unusual conditions but does best in partial shade and a cool, moist soil. A charming plant for foreground of border or for planting about the house. The true grafted variety.

Heavy, 2-year, blooming size.

75¢ each; 3 for \$2⁰⁰

Postpaid

• PLEASE NOTE •

After much experimentation as to the best method of transplanting Viburnum Burkwoodi, we have found that they do best when transplanted from pots, so the plants we offer this year are well rooted plants from 3-inch pots. They will be shipped with the ball of earth protecting the roots and will start growth at once when you plant them out.

Will be shipped at proper planting time, when new growth will be showing and weather conditions should be favorable for transplanting.

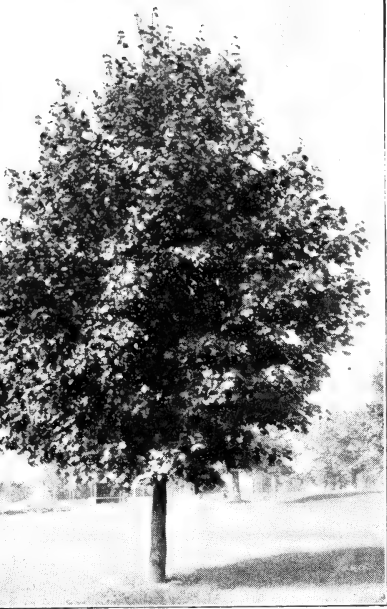

TWO SPECIAL OFFERS

2 One of each of these grand Viburnums. Postpaid **\$1.60**

Plant in good soil and keep well watered first season. Will thrive in semi-shade as well as in sun.

6 Three of each of these beautiful shrubs. Postpaid **\$4.25**

This offer gives you enough plants to plant two groups of three each. Will give an exquisite effect when in bloom.

Norway Maple for Long Life

SHADE TREES

Beautiful — Hardy — Long Lived

Maples

NORWAY. This is an exceptionally fine, hardy, large-leaved shade tree. Noted for its resistance to disease and for its long life. **Nicely branched, heavy-rooted trees, 6 to 8 feet tall, only \$2.00 each; 4 for \$6.00.**

SCHWEDLER'S RED MAPLE. Noted for its beautiful foliage. Comes out a rich ruby-red in spring, gradually changes to purplish green, then in fall colors to bright shades of red and purple. Habit of growth similar to Norway. One of the finest Maples for shade. **6- to 8-ft. trees, \$2.50 each; 4 for \$8.00.**

SILVER MAPLE. The fastest growing of the Maples. Much used for street planting because they make a good, quick shade. Foliage of a light green, silvery on the under side and slightly cut-leaved. Color beautifully in the fall. Not as long lived as the Schwedler's or Norway Maples, but will grow quickly and provide good shade for the ordinary lifetime. **Nice, 6- to 8-ft. trees, \$1.50 each; 4 for \$5.00.**

Moline Elm

The Quality Tree

For stately beauty this wonderful Elm is unsurpassed. Grows rapidly and shapes up quickly into a magnificent tree. Long lived, deep rooted and will be admired on any grounds. **6 to 8 ft., \$1.50 each; 2 for \$2.75.**

Lombardy Poplar

Tall, slender growing tree for formal planting. Rapid grower and at a distance the mature trees appear as tall sentinels. Dark green leaves, lighter shade on the under side. The roots of the Lombardy Poplar will not grow into and clog sewers, etc., as did the old Carolina Poplar. **6- to 7-ft. trees, 50c each; 10 for \$4.00.**

NOTE: For screening purposes we offer a 4- to 5-ft. grade in Lombardy Poplars. Plant them 5 to 6 feet apart. A real value at this low price. 10 for \$2.00; 5 for \$1.25.

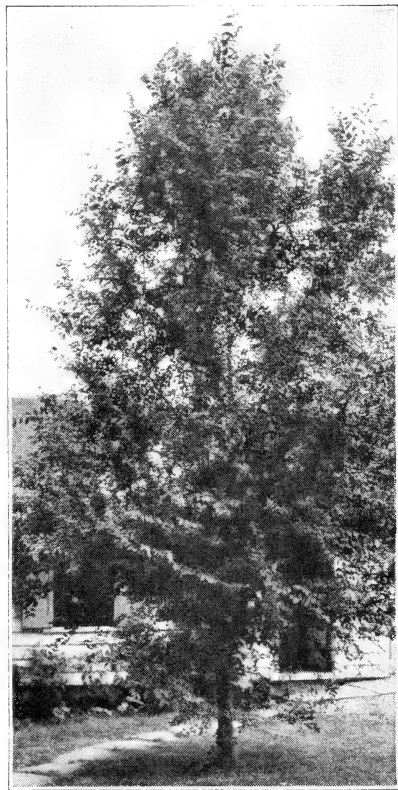

Chinese Elm

For Quick Shade

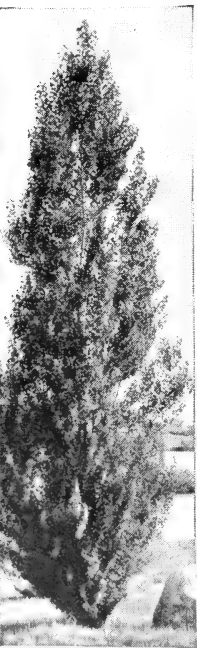

The fastest growing shade tree known to-day. It is much used in the arid sections of the west because of its extreme hardiness and the ease with which it can be grown. Equally valuable for windbreaks or for specimen planting. May also be planted 18 inches apart and kept sheared for hedging.

SPECIAL CHINESE ELM PRICES

3 to 4 ft., 25c each; 10 for \$2.00. 5 to 6 ft., \$1.00 each; 5 for \$4.00. 6 to 8 ft., \$1.50 each; 5 for \$6.00.

Chinese Elm for Quick Shade

Lombardy Poplar for Tall Sentinels or Background

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sir:

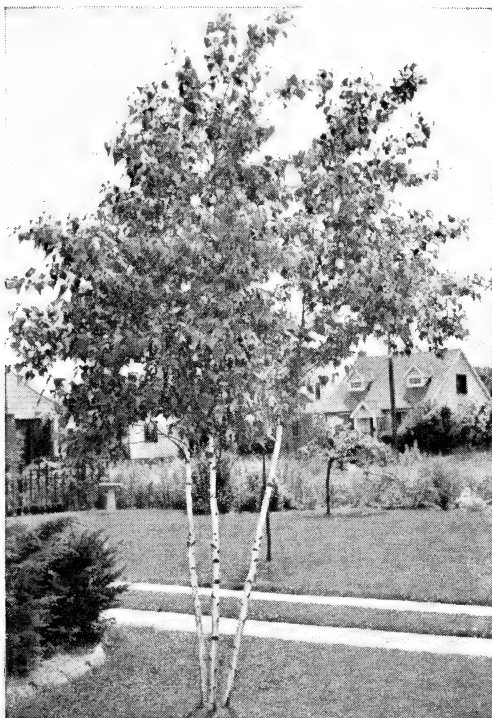

Just a line to let you know that I received the trees from you April 16 in perfect condition. The trees are beautiful. I certainly was delighted to see such wonderful stock, so full of life. I planted them immediately and I hope that every one grows, which I am almost sure of. I certainly will recommend your nursery to everyone who wants to buy trees.

Thank you very much for sending me such wonderful trees.

Carleton, Mich.
April 21, 1943

Truly yours,

F. T.

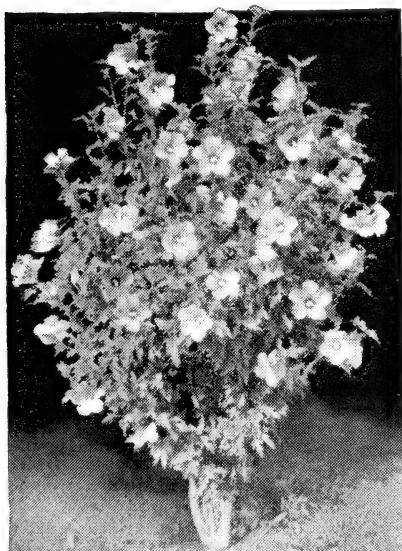

3-on-1 Birch Growing on the Lawn of
A. Breiner, Jr., Baldwin, N. Y.

LARGE, SINGLE TYPE ALTHEAS – (Grafted)

These are the new giant sized bell type, having bell-shaped blooms of exquisite texture and color. Will grow to 10 feet tall and a mature plant will bear hundreds of blooms. Very hardy. We offer three colors—Blue "Coeleste," Pink and White. **Your choice, nice blooming size, grafted plants—**

60c each; 3 for \$1.50

Blue Althea "Coeleste"

MAKE YOUR LAWN — DIFFERENT —

*Now, Get 3 Birch
Trees on 1 Root*

**KRIDER offers You an Out-
standing and Beautiful novelty**

Imagine three beautiful European White Birch trees all growing from one root system! This makes an ideal clump effect which will excite your admiration. Look at the photograph at the left, which shows one of these 3-on-1 Birch clumps. They are real beauties in every sense of the word, and we know you will be delighted with them.

As usual, we are offering them at a real money-saving price. Krider never holds you up that you may have the newest and best.

Heavy rooted, 4 to 5 ft., 3-on-1 trees, \$1.75 each; 2 for \$3.00, by Express.

(For Cut-Leaf Weeping Birch, see page 51.)

"CORKSCREW" WILLOW

A Distinct Novelty Tree

If you are looking for something distinctly "different" and novel in trees, you will not be disappointed in this "Corkscrew" Willow. Same easy growing habit and same type of foliage and growth as the weeping willow, but instead of hanging straight down the branches grow in spiral shape like a corkscrew. Trees grow shapely but present an odd appearance with their "screwy" branches.

HEAVY ROOTED 3- to 4-FT. TREES

\$1.35 each; 2 for \$2.50

EXOCHORDA – Pearlshrub

A Magnificent Shrub to Add to Your Borders or Lawn

A truly regal and fine shrub and one which is very scarce as a rule. Easy to grow and reaches a mature height of 6 to 8 feet. Does well in sun or semi-shade. Foliage is ornamental all season, but its crowning glory comes in May when hundreds of beautiful pearl-like buds form on the branches. Each bud opens into a gorgeous pure white bloom, having five petals arranged in daisy-like fashion around the center. Blooms are large, many reaching the size of a half dollar. We highly recommend this shrub for hardiness and all-round good qualities. **Heavy, 2-year blooming size—**

60c each; 3 for \$1.50

Lovely FRENCH LILACS

THE TRUE BUDDED TYPE

Five Finest Varieties — Noted for Their Colorings

No flowering shrubs are more successfully and easily grown than Lilacs. They may be used singly, as specimens, or in mass plantings. They are excellent in the shrub border, or may be used for hedges or screens. We offer five of the finest French varieties. Color deepens as plants age.

M. MICHEL. Blue.
CHAS. X. Purplish red.
M. BUCHNER. Purple.

MME. C. PERIER. White.
CHAS. JOLY. Pink.

YOUR CHOICE OF ABOVE VARIETIES

50c each, OR

5 One of Each or Your Choice of the Five Varieties Described Above **\$2**

Three Colorful

BUDDLEIAS or Summer Lilacs

HARTWEGI. Lately introduced, has quickly proved its hardiness and beauty. Bush is of compact habit. Foliage very heavy and of superb dark green. Flower sprays are borne on every branch, and are large and well shaped. Color a pleasing bright lavender with each tiny floret having a distinct orange eye. Excellent for cutting. **50c each, postpaid.**

PINK CHARMING. Rosy orchid-pink. Never has a name so appropriately been applied to a flower. This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many measure 15 to 18 inches long, full and tapering perfectly toward the tip. Plant is hardy and foliage of clear green, blends with any background. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. **50c each, postpaid.**

ROYAL RED. (U. S. Plant Patent Applied For.) Something really exciting in Buddleias. The reddest Buddleia to be introduced to date. It will surprise you with the great number of shoots it throws up to a height of 5 feet, each tipped with a 15- to 18-inch long spike of glistening, satiny, purplish red. A brilliant variety for cutting. All of the three Buddleias described will bloom this year. **75c each; 3 for \$2.00, postpaid.**

Buddleia Collection

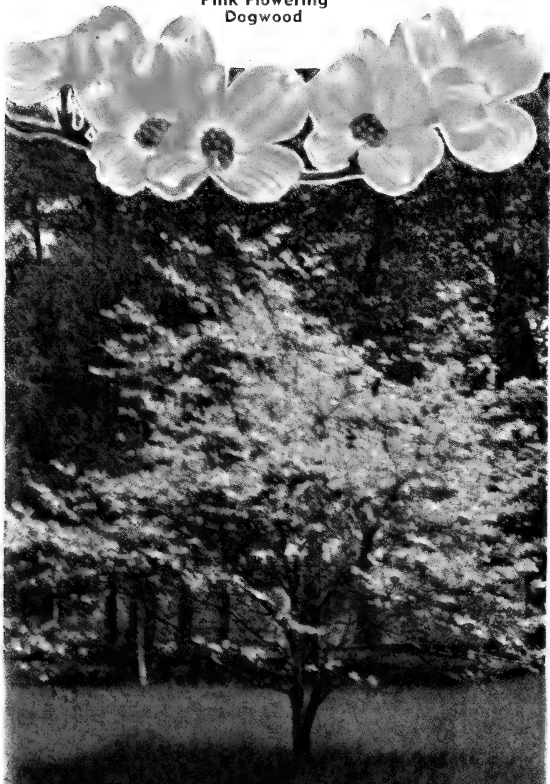

One of Each of the Three Splendid Buddleias as Described above— **\$1.50** Postpaid

Redbud or Cercis

One of the handsomest of the low-growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous wide-spreading branches, rosy lavender blooms appear before the tree leaves out in spring. Flowers are so thick the tree appears as a small pink cloud. Due to the extreme hardness of the wood, the tree is usually very late in leafing out. **Nice, 3- to 4-ft. plants, only \$1.00 each; 2 for \$1.75.**

Pink Flowering
Dogwood

Smoke Tree or Purple Fringe

One of the most picturesque and unusual of the small hardy trees. Beautiful foliage of dense green is surmounted in summer with masses of loose, feathery panicles of minute flowers which give the effect of a dense cloud of smoke. Thrives anywhere but prefers a dry, sunny location. Foliage colors brilliantly in autumn. Grows to a height of 12 feet. Be sure to get this unique tree, at only—**2 to 3 ft., 75c each; 2 for \$1.25.**

PINK-FLOWERING DOGWOOD

(CORNUS FLORIDA RUBRA)

Symmetrically spreading tree, growing to a height of about 20 feet. The large, reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. Foliage is a deep green turning to rich bronzy red in autumn. Ideal as a specimen plant or fine for group plantings. **Heavy rooted, 18 to 24 in. trees for only \$1.00 each; 2 for \$1.75.**

Blood-Leaf Maple

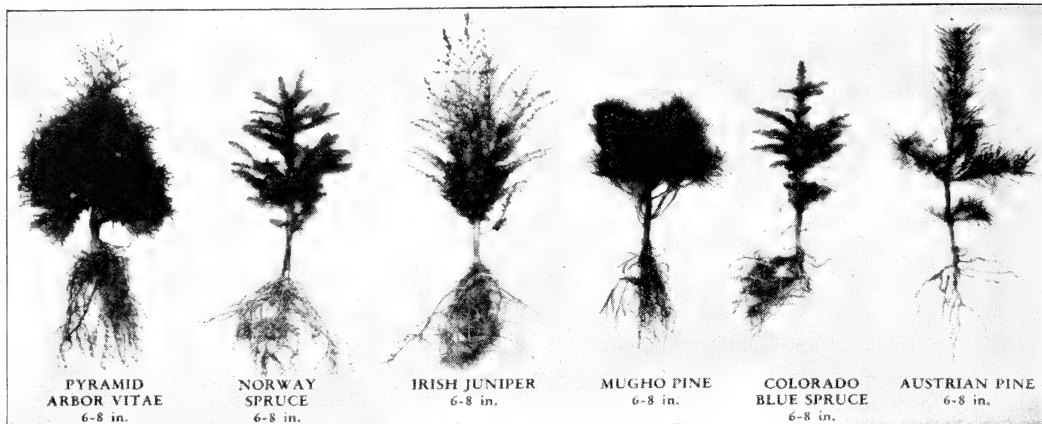

Rounded dwarf trees seldom maturing to over 10 feet in height. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and mid-summer color is a vivid blood-red, which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups or are unexcelled for a bright spot of color on the open lawn.

Blood-Leaved Dwarf Maple

**12 to 15 inch,
heavy rooted and
branched.**

**\$1.25 Each;
2 for \$2.00**

KRIDER'S TRIAL OFFER

Heavy Rooted

All these trees are heavily rooted and perfect for setting out. They have been transplanted as shown above.

A Profitable Hobby

Raise fine trees for your own grounds at an unbelievably low cost—or raise them to sell.

Pyramidal Arbor-Vitae

Irish Juniper

(Juniper Hibernica)

One of the most beautiful of the columnar Junipers. Grows erect and slender, which makes it ideal for accent use. Bright, bluish green foliage, holds its color well. Hardy and thrives under practically all conditions. 12 to 18 in., 75c each; 18 to 24 in., \$1.25 each; 3 for \$3.00.

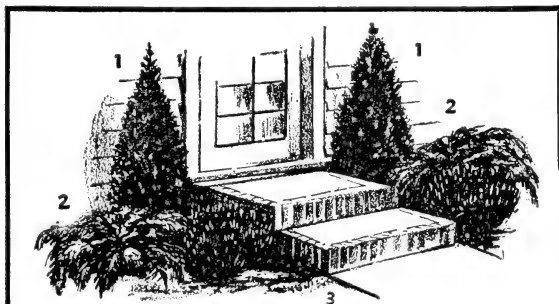

Mugho Pine

Valuable for all low group plantings. Dwarf in habit, forming a low dome-shaped mound. Color a dark green except in early spring when the tender new growth of light green gives it a pretty 2-color effect. 8 to 12 in., \$1.00 each.

Spruces

NORWAY. A lofty, elegant tree of perfect pyramidal habit, rich in color. As the tree ages its branches become gracefully pendulous, making it exceedingly beautiful and picturesque. One of the best for hedges and windbreaks. 15 to 18 in., 60c each; 3 for \$1.25. 18 to 24 in., \$1.00 each; 3 for \$2.50.

COLORADO BLUE. One of the hardiest and most beautiful evergreens. Will stand the coldest temperatures without damage. Color is a rich blue as the tree matures. It is beautiful in outline and ideal for all specimen planting. 12 to 18 in., \$1.50 each.

KEY TO ABOVE DRAWING

1. Two Irish Junipers, 18- to 24-inch.
2. Two Savin Junipers, 12- to 15-inch.
3. Two Globe Arbor-Vitae, 10- to 12-inch.

FINE EVERGREENS FOR HOME PLANTINGS

Firs

DOUGLAS. One of the fine specimen evergreens. Habit of growth and color resemble the Blue Spruce. Foliage is of a softer nature and growth is more rapid. 18 to 24 in., \$1.25 each; 3 for \$3.25.

CONCOLOR. (White Fir). Compact and of symmetrical form. Foliage is silvery green. Withstands heat, cold or drought. 15 to 18 in., \$1.50 each; 3 for \$4.00.

Arbor-Vitae

PYRAMIDAL. For foundation, group or garden planting. Retains the lovely bright green, flat foliage of the Arbor-Vitae at all seasons. Grows compact and develops naturally into perfect pyramidal form. 18 to 24 in., \$1.25 each; 3 for \$3.00.

GLOBOSA. Grows densely into dwarf, globular shape. Foliage is flat and deep dark green. Much used for formal plantings. 12 to 15 in., \$1.00 each; 3 for \$2.50.

Globe Arbor-Vitae

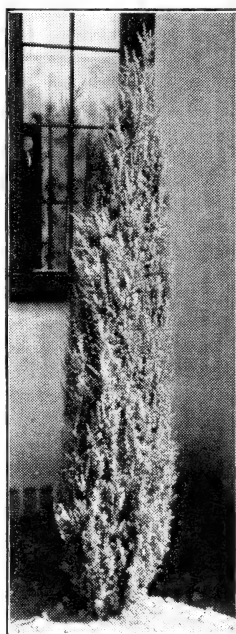

PLEASE NOTE

All of our Evergreens are carefully dug to get all the tender roots. The soil is then removed and the roots puddled in mud; they are then wrapped in moss and paper or burlap. This method of packing eliminates 25 to 50 pounds of soil, saves the vital fine roots, insures better growth and makes possible low cost parcel post or express shipments.

Special! Fastigiata

The New Columnar Juniper

Similar to Irish Juniper in foliage and color but grows tightly compact and columnar. The last word in evergreens for doorways and formal effects. We have a nice stock of these in 18-inch size, the nicest size for transplanting, and offer them at only \$1.25 each; 3 for \$3.00.

Juniper Fastigiata

Special Doorstep Group

FINE HARDY EVERGREENS. We offer this beautiful planting for your doorway at a truly bargain price. Best grade, heavy rooted plants as described in descriptions above. Will give some effect at once and grow in beauty each passing year.

A Cloud of Shimmering Pink Beauty—Eleyi Crab in Full Bloom

ELEYI

**THE FINEST PINK
FLOWERING CRAB**

This sensational Flowering Crab is beloved by all who have ever seen it. Rapid grower, very shapely in form, and at blooming time is a cloud of beauty on the landscape. Flowers are rich shell-pink in color and are followed by small ornamental fruits. If you want the finest in Flowering Crabs and a real ornament for your lawns or borders, don't fail to order this beautiful tree.

• GOLDEN CHAIN TREE •

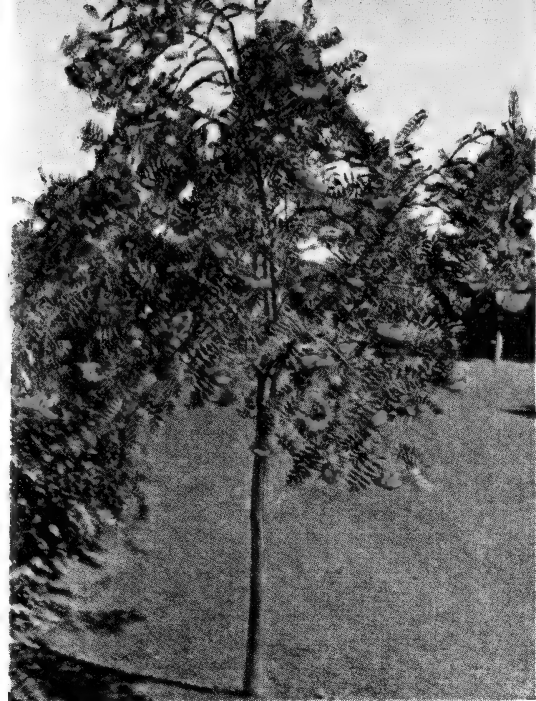

**THE EXOTIC DWARF TREE WHICH
BRINGS GOLDEN GLORY**

One of the most unusual of dwarf flowering trees. Will grow to about 12 feet in height and may be trimmed as a tree or allowed to grow in shrub form.

Highly ornamental foliage and in late May the branches are covered with golden yellow blooms which hang in drooping loose panicles sometimes a foot in length. Individual flowers have the form of a Sweet Pea blossom. Excellent for use with tall shrubs in the shrub border but should be given room enough for the shapeliness of the tree to develop.

Also excellent for specimen planting on the lawn. Does well in semi-shade or sun, requiring only average soil conditions. If you are looking for a plant to add color to the border, here is the answer. Hardy as far north as Madison, Wisconsin.

Mountain Ash with its Colorful Berries

Mountain Ash

One of the most ornamental of all trees. Fine foliage which turns a brilliant orange-red in fall. Clusters of flashy orange colored fruits brighten the fall landscape and often remain all through the winter.

Heavy rooted, 5- to 6-ft. trees, \$1.50; 6- to 8-ft., \$2.50 each.

**THE
FAMOUS and LOVELY**

DOUBLE FLOWERING CHERRY

"Sacred Gate Cherry." The loveliest of all the flowering trees. The kind that is famous in Washington, D. C., at cherry blossom time. Fast growing tree and perfectly hardy. Excellent as an ornamental the year 'round, but of course, its crowning glory comes when it is completely covered with exquisite pearly pink blossoms.

Flowering Cherries Along Tidal Basin at Washington, D. C.

Blood-Leaved Plum—Showing Rich Foliage

Blood-Leaf Plum

A new dwarf tree of excellent shape, bearing foliage of a deep rich blood-red. As the season advances the colors become darker, gradually changing to a dull growing bronze in fall. Tree is covered with pink blossoms in early spring.

Heavy rooted, 4- to 6-ft. trees, only \$1.25 each; 2 for \$2.20.

**HEAVY ROOTED
3- to 4-ft. TREES
\$1.50 each;
2 for \$2.75.**

[61]

Evergreens FOR HOME LANDSCAPING

Juniper Excelsa Stricta

(Spiny Greek Juniper)

For a dwarf, pyramidal-shaped Evergreen this one cannot be equalled. Foliage a silvery blue, very dense and compact like the Cedars. 12 to 15 in., \$1.00 each.

Juniper Meyeri

(Fish Tail Juniper)

Very dwarf type growing into sloping planes. Color a superb shade of blue. Excellent where low growing Evergreens are needed. 10 to 12 in., \$1.00 each.

Retinospora

(Plumed Cypress)

A very popular Evergreen suited to most any location. Soft plumelike foliage; color contrasts beautifully with any surroundings. 12 to 15 in., \$1.00 each; 3 for \$2.50.

Juniper Excelsa Stricta

DO YOUR OWN LANDSCAPING WITH THIS "MODERN HOME"

EVERGREEN GROUP

COMPLETE FRONT PLANTING

Now you can landscape your own home at minimum cost with these lovely evergreens. All are hardy and will do well in most any location. One group of seven plants will completely plant one side of the front of the average home if space is between 10 and 16 feet. Two groups, or fourteen plants, makes a complete planting for the entire front. The large picture below shows one group in place and gives planting arrangement. The insert smaller picture shows the entire front planting accomplished with two groups.

Upright types will be 24 inches tall; semi-upright, 12 to 15 inches tall, and spreading types will have 10- to 15-inch spread.

Pfitzer Juniper

Juniper Fastigiata
Savin Juniper

Mugho Pine

Savin Juniper

Junipers

CANNARTI (Cannart Juniper). Tall graceful grower with somewhat sweeping branches. Color a deep, rich green. One of the best for corner plantings. 18 to 24 in., \$1.50 each.

HORIZONTALIS (Andorra Juniper). A prostrate creeping type very valuable for planting in areas where height is a controlling factor. Foliage is a good shade to blend well with other plantings. Exceptionally fine for rockeries. 10 to 12 in., \$1.00 each.

JUNIPER GLAUCA (Silver Cedar). Similar to Juniper Cannarti in form and habit of growth but foliage is of a soft powder-blue. One of the very choicest trees grown and a real treasure in any planting. 18 to 24 in., \$1.50 each.

PFITZERIANA (Pfitzer Juniper). A graceful, low-growing, spreading evergreen with sweeping fronds of fresh green foliage. A distinctive, beautiful, hardy plant for shady locations. 12 to 15 in., \$1.00; 15 to 18 in., \$1.50 each.

SAVIN JUNIPER. One of the most beautiful of the spreading evergreens. Plumelike branches are densely furnished with rich green soft needles. Habits similar to Pfitzer Juniper. 12 to 15 in., \$1.00 each; 15 to 18 in., \$1.50 each.

Japanese Yews or Taxus

Without doubt the Yews are among the finest and most luxuriant evergreens grown. They are extremely hardy, easy to grow, do well in shade, and harmonize with any other plant.

CAPITATA. Foliage description same as for Cuspidata except this variety grows in upright form, closely columnar. May be sheared. 12 to 15 in., \$1.50 each; 15 to 18 in., \$2.00 each.

Waukomis, Okla.
May 15, 1942

Sirs:

Received the six mugho pine today. They look so nice. I want to thank you for sending them and for your promptness.

Yours respectfully,

MRS. L. B.

Taxus
Capitata

Taxus
Hicksi

Taxus
Cuspidata

CUSPIDATA. Spreading variety. Habit of growth similar to Pfitzer Juniper. Foliage is a shade of dark green different from other evergreens. May be sheared for a low hedge, allowed to throw out its graceful wands for informal corner plantings, or kept trimmed back into compact shape. Numerous red berries form and hang close to the branches all winter. 10 to 12 in., \$1.50 each; 12 to 15 in., \$2.00 each.

HICKSI. Dwarf, closely columnar form. Foliage the darkest green of the family, and very dense from the ground up. Valuable for accent pieces. Any of the Yews may be sheared either for hedge or for specimens. 12 to 15 in., \$1.50 each; 15 to 18 in., \$2.00 each.

SPECIAL! Juniper Columnaris

Without doubt one of the finest of upright-growing Junipers. Grow tall and slender by nature but may be sheared for more formal effects. Light bluish green color, rapid growers and hardy. Heavy rooted, 15 to 18 in., \$1.00 each; 3 for \$2.50. Heavy rooted, 18 to 24 in., \$1.50 each; 3 for \$4.00.

Koster's Blue Spruce

The bluest of the blues. A selected species with grafted top. Color deeper and a more perfect blue than the Colorado Shiner. Extremely hardy. Grows in shapely form, thickly studded with well-formed, tapering branches. Unequalled for specimen planting on the lawn. 12 to 15 in., \$2.00 each; 6 to 9 in., \$1.00 each, postpaid.

HARDY MAGNOLIAS

SAUCER MAGNOLIA

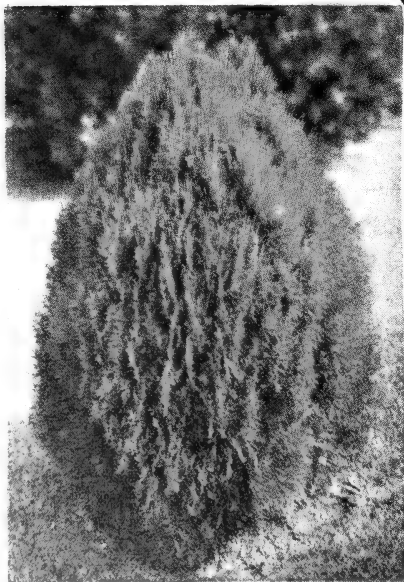

Magnolia Soulangeana

The most decorative and most popular of the hardy Magnolias. Rose colored blooms measure from 3 to 5 inches across and make a beautiful showing. Begins blooming when about 3 feet tall. It will eventually attain a height of from 8 to 10 feet. **18 to 24 in., \$2.00, postpaid.**

RED SAUCER MAGNOLIA

Magnolia Soulangeana Niger

One of the hardiest and finest of all the Magnolias. Flowers measure from 5 to 7 inches across, and are a beautiful purple-red shade outside, while the inside is a delicate waxen white. **18 to 24 in., \$2.00, postpaid.**

Golden Oriental Arbor-Vitae

(above) *Soulangeana Niger*

A THOUGHT

Please clear away
unsightly trash
And plant some
flowers or tree—
Along your drive
beside the road,
Where all who pass
may see.
'Twill lift the hearts
of those now sad
And weary with
life's load—
If you will plant
Magnolia trees
Some place beside
the road.

**Prices in this catalog supersede those
in all previous catalogs.**

Golden Oriental Arbor-Vitae

(*Biota Aurea Nana*)

A very slow growing, compact variety of the dwarf type. The flattened leaves face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, very striking in appearance and valuable in foreground planting. **10 to 12 in., 75c each; 5 for \$3.50. 12 to 15 in., \$1.50 each; 3 for \$4.00.**

Mr. Krider:

Received my order in good condition. Thank you very much. I will remember you next year if I am here. I never got a box from any part of the country which was so perfectly packed.

Springfield, Ill.

April 30, 1943

MRS. M. C.

CAPE MYRTLE

This is the astonishing new **water-melon-red** Cape Myrtle which is arousing so much interest and comment among plant lovers all over the country. The plant, which is so much a part of Southern beauty, is now available in hardy form for those of us in more northern climates. Habits similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring and flowers in the summer. If you want a real thrill in new plants, we recommend this one. Will grow in any good garden soil. Plant about 3 feet apart for borders.

**Nice 15- to 18-inch plants,
\$1.00 each; 2 for \$1.75.**

Postpaid

WAYFARING TREE

(*Viburnum Lantana*)

A beautiful dwarf tree which will add a touch of distinctiveness to any lawn or border. Large dark green leaves are heavily ridged and leathery in texture. In fall, the entire plant is covered with blue berries and the foliage colors to shades of bronze and red.

May be grown in bush form or trimmed and grown as a tree. Mature height is around 15 feet. Very hardy and easily grown in average soil.

**Nice 2- to 3-ft. plants,
85c each; 2 for \$1.50**

Aza'ea Mollis Hybrids

Cape Myrtle

Terryville, Conn.

March 30, 1943

Dear Sirs:

Received my Magnolia shrub in perfect condition.

Thank you.

S. R.

GORGEOUS AZALEA MOLLIS HARDY HYBRIDS

AZALEA MOLLIS HYBRIDS

The 'greatest grower of the Azaleas—"Azalea Mollis." We offer these in the new Hybrid strains. Colors will range from light yellow to deep orange and rose. We cannot guarantee what shade a hybrid will bloom. Plant in acid soil, same as Rhododendrons, and you will have something to be very proud of. Plant 18 inches apart.

**NICE 12-INCH PLANTS
WITH SOME BLOOM BUDS**

\$1.25 each;

2 for \$2.25

Krider Trees Bear Heavily at an Early Age

Krider's Young Bearing Fruit Trees

RAPID IN GROWTH • HEAVY IN YIELD • PLANT FRUIT THIS YEAR

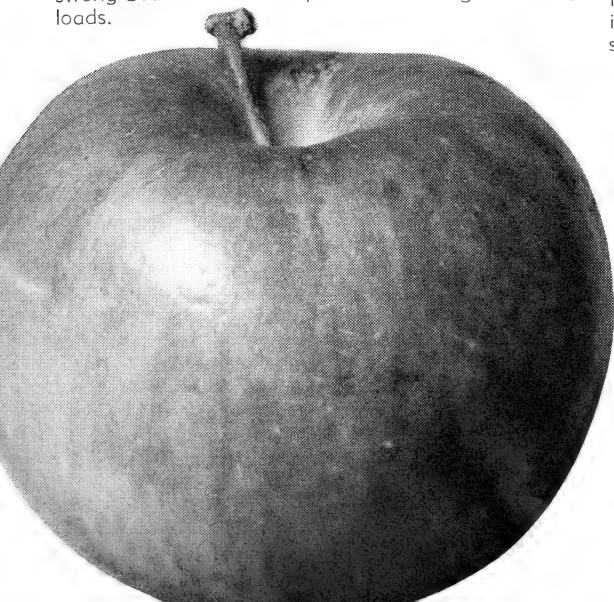

Heavy Rooted Selected *Apple Trees*

New Double Red Delicious

The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree the color is outstanding.

Yellow Delicious

Similar to Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine-grained, crisp, juicy and melting, and really delicious. The tree is a hardy and vigorous grower and forms a strong beautiful head capable of bearing enormous loads.

Red Northern Spy

To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity. Comes into bearing 12 years earlier than the old Northern Spy, bearing fruit in six years instead of the 18 years formerly required.

Red Stayman

Most profitable market variety. Has large size, bright red color, great productiveness, and best quality to commend it. Tree a vigorous grower, irregular and drooping in habit, adapts itself readily to different soils and situations. Drought resisting. Season November to February.

Red Jonathan

A beautiful red apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer. November to April.

Note: Plant Apple Trees from 30 to 40 feet apart each way. In small areas or on city lots they might be planted 20 feet each way if kept trimmed so that they do not grow together.

Prices of All Varieties of Apples On This Page

2 yr., 3 to 4 ft., 80c each; 10 for \$6.00; 100 for \$40.00. 2 yr., 5 to 7 ft., \$1.00 each; 10 for \$8.00; 100 for \$60.00.

Raise Your Own Fruit

HELP MAKE AMERICA SELF-SUSTAINING
HELP INCREASE YOUR FAMILY'S HEALTH

Wealthy

The most dependable and widely planted fall apple. Bright red, striped. Medium to large in size. Hardy and a free grower.

Maiden Blush

A medium to large pinkish apple. Very firm, white flesh. Acid flavor, vigorous and productive.

Yellow Transparent

Medium white, changing to lemon-yellow, smooth waxen surface; of good quality, with crisp flesh; very early, and, for an early apple, an unusually good keeper. Valuable for market. July and August.

Early Harvest

Size medium, shape roundish, usually more or less oblate, smooth, bright straw color when ripe; flesh nearly white, flavor rich acid; fine. Season July. Productive.

Grimes Golden

The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking apple. Tree is a hardy, vigorous upright grower, and a heavy, regular bearer.

Tolman Sweet

A very large and sweet apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

Red Rome Beauty

The great profit maker. It has an established place in the markets and no orchard should be without it. A real apple with good keeping qualities. It bears at a very early age and will prove successful anywhere.

McIntosh

Large, deep crimson and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

Crab Apple

WHITNEY. The tree is hardy, thrifty, an upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August to September.

Prices of All Varieties on This Page

2 yr., 3 to 4 ft., 80c each; 10 for \$6.00;
100 for \$40.00.

2 yr., 5 to 7 ft., \$1.00 each; 10 for \$8.00;
100 for \$60.00.

Krider Nurseries, Inc.,
Middlebury, Ind.
Dear Sirs:

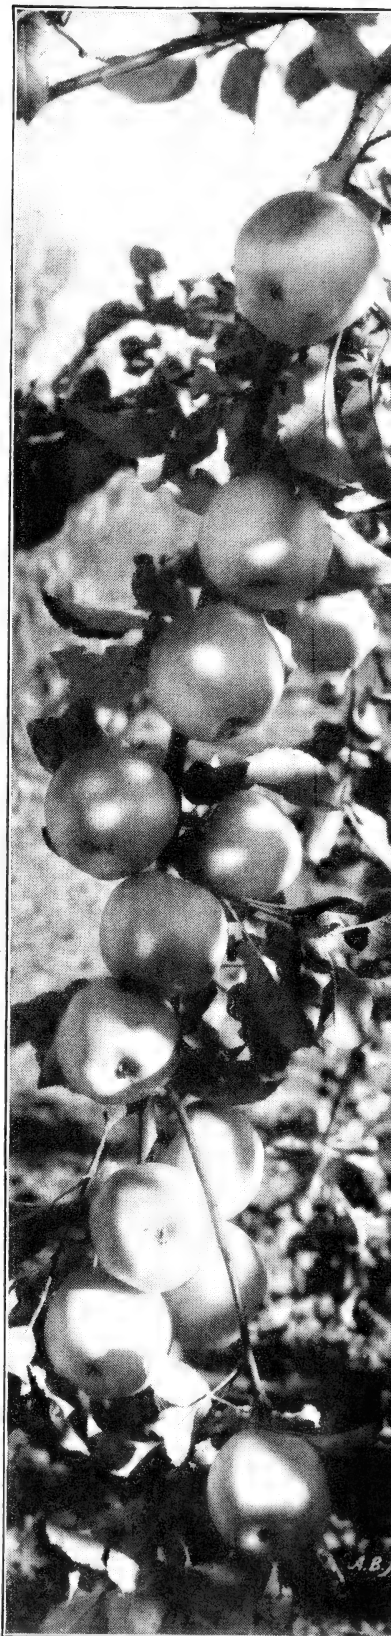

We have been buying large orders of plants every spring for several years. In all my experience with plants I have never received orders in such good condition as the one which I received from you last week. Everything looked so nice and fresh that I feel sure they will grow.

I felt that I should write and tell you how well pleased I am with the order and assure you that I will not take chances on nursery stock again. I will buy from Krider's.

Very truly yours,

D. B.

West Newton, Pa.
April 17, 1943

Yellow Transparent

"Large Montmorency"—Dark Color, Rich, Juicy, Giant Sized

BEST VARIETIES OF CHERRIES . .

SOUR CHERRIES

EARLY RICHMOND. A fine, large light red Cherry. Ripens 10 days earlier than Montmorency; fine canner.

MONTMORENCY. Everywhere the most popular. Tree strong, thrifty grower, making a large symmetrical head; fruit is medium size, dark red, melting, juicy, sprightly acid flavor and is especially valuable for cooking purposes.

PRICES OF YOUNG BEARING CHERRY TREES
3 to 4 ft. (7/16 in.), \$0.90 each; 10 for \$8.00
4 to 5 ft. (9/16 in.), 1.25 each; 10 for 10.00

Prices in this catalog supersede those in all previous catalogs.

SWEET SEPTEMBER

(U. S. Plant Pat. No. 94)

The Amazing New Fall-Bearing Cherry

Produces deliciously sweet, bright red Cherries which ripen from about September 1st until snow flies. Apparently free from rot, leaf spot, and curculio injury. The young trees start yielding fruit the second or third year after planting and produce heavy crops annually thereafter. This fall-bearing tree blossoms at the same time as other regular varieties and is hardier in the bud than the average sweet Cherry. The fruit is large, of good color, and the quality is excellent for either canning or eating as fresh fruit. **Heavy rooted, 4- to 5-ft. trees, only \$2.00 each; 10 for \$17.50.**

SWEET CHERRIES

WINDSOR. Tree upright, and a rapid grower; fruit large, roundish, oblong; very firm and juicy; flesh pinkish and sometimes streaked; quality very good; a productive bearer; has attracted attention owing to its large size and color; shiny deep maroon.

NAPOLEON OR ROYAL ANN. A beautiful Cherry of large size, pale yellow with bright red cheek; flesh firm and sweet; one of the best for market and canning.

BLACK TARTARIAN. This black Cherry bears fruits of large size and deep color. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety.

PRICES OF YOUNG BEARING SWEET CHERRY TREES

3 to 5 ft., \$1.25 each; 10 for \$10.00.

MAKE MONEY WITH THESE

• PEACHES •

Early Varieties

ROCHESTER. (Freestone.) Early midseason. Color lemon-yellow changing to orange-yellow, blushed with deep red. Skin thick and tough. Yellow flesh stained with red near the pit. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

ORIOLE. (Freestone.) A choice freestone recently introduced by the New Jersey Experiment Station, already popularized and given a high rating. Tree habits and fruit resemble Elberta. The skin is yellow with red blush; flesh golden yellow; tender and sweet.

Midseason Varieties

CHAMPION. (Freestone.) Large, round, quite regular, yellowish white, mottled with red on sunny side, flesh white with red at the pit; one of the best in quality. For nearby markets and home use; it is a healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

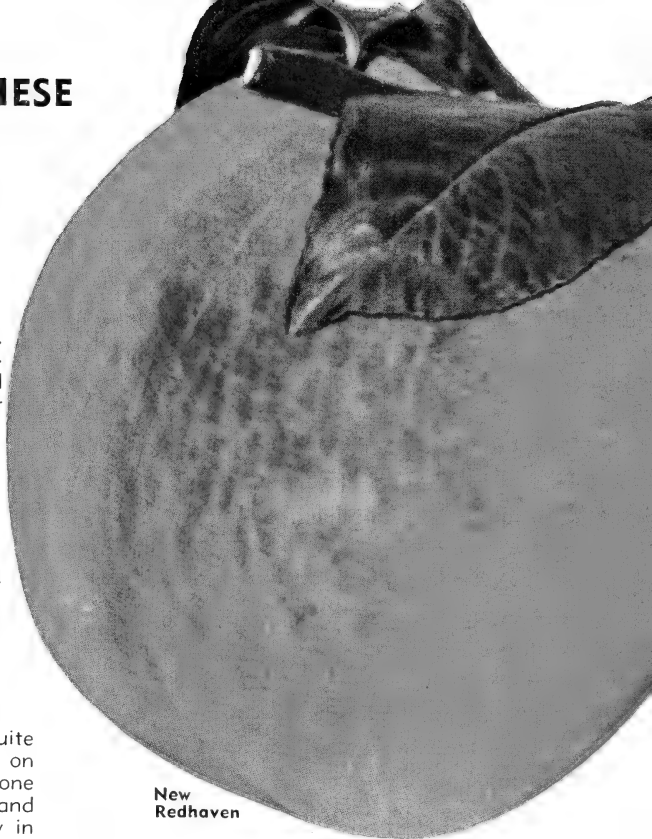

ELBERTA. (Freestone.) The great market peach. Perfectly hardy in the North. Many consider it the best all-around peach; lemon-yellow color with blush on sunny side. Flesh pale yellow, tender and juicy. Tree vigorous. An excellent shipping peach. September.

GOLD DROP. (Freestone.) The almost translucent golden colored flesh of this peach renders it exceedingly attractive in market, where it sells at highest prices. The tree is hardy and bears early; profitable. Late September.

HALE-HAVEN. (Freestone.) In this new, hardy, rot-proof peach, almost as large and fine as the Elberta itself, we have a peach of great market value, a large, roundish peach, with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet, and of superior flavor. A big, early yellow-skinned peach of high quality, is sure to be in great demand. September 1st.

J. H. HALE. (Freestone.) Fruit averages one-third to one-half larger than Elberta, ripens about 5 days earlier and is superior in flavor. Color, a beautiful golden yellow with deep carmine blush. Does well over a wide range of territory and worth cultivation. September 1st.

SOUTH HAVEN. (Freestone.) The great hardy peach for cold regions because it stands 10 degrees colder weather than any other peach grown. Large yellow freestone, as large as Elberta and a week earlier on the market. Of all peaches for Indiana markets this rules supreme. Plant Elberta and J. H. Hale with it for commercial purposes. All yellow, all freestone, all money-makers.

New
Redhaven

Plant peach trees 18 to 25 feet apart. Many people plant them between apple trees in an orchard as they are usually gone by the time the apple trees mature.

PRICES OF KRIDER'S SUPERB PEACH TREES (Except Redhaven)

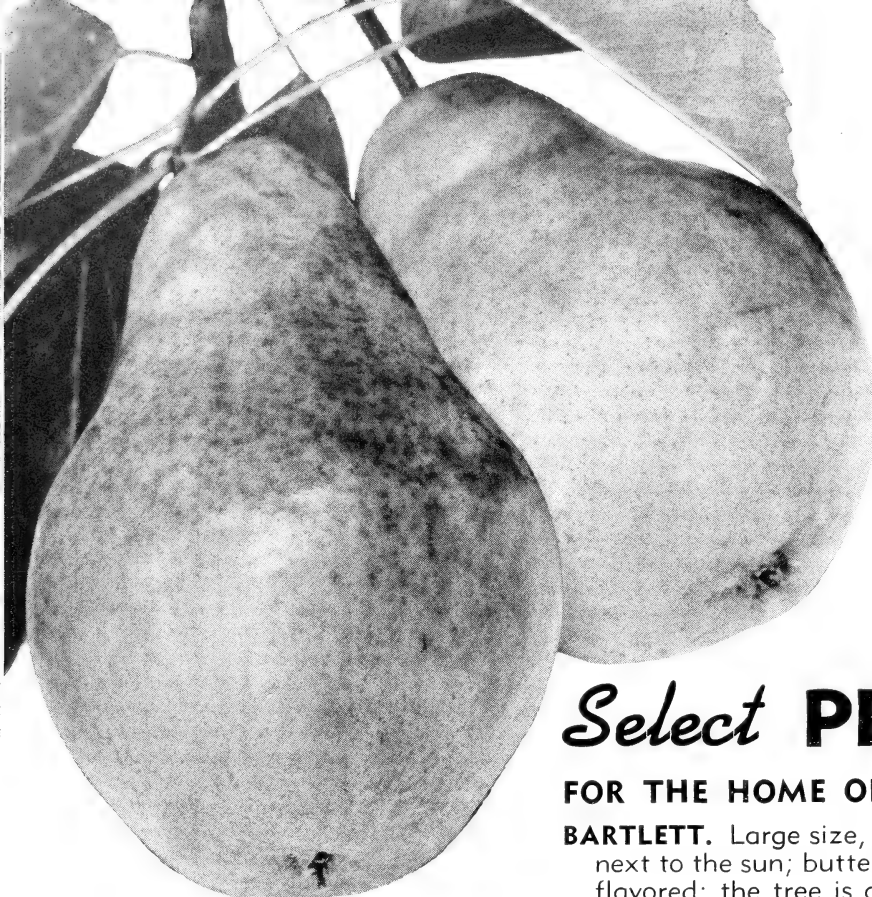

2-yr., 3- to 4-ft. trees, 60c each; 10 for \$5.00; 100 for \$40.00.

2-yr., 4- to 5-ft. trees, 75c each; 10 for \$7.00; 100 for \$50.00.

"REDHAVEN"

At last a peach that you can really cash in on. Extra early. It shows a marvelous over-all red color when other varieties are yet green. A cross between South Haven and Hale-Haven, it seems to combine the best flavors and hardy qualities of both. An enormous and dependable bearing variety. Freestone. Extremely hardy and has that long looked for over-all red color. Makes fruit sell on sight and you will have them on the market long before other peaches come, getting top prices for your Redhaven.

**3- to 4-Ft. Trees
90c Each; 10 for \$8.00**

Bartlett Pear

Plant Pear Trees about 20 ft. apart, on city lots or where space is limited they may be planted as close as 15 feet if kept trimmed. Many plant them between apple trees if apples are planted 35 or 40 feet apart.

Select PEARS

FOR THE HOME OR MARKET

BARTLETT. Large size, with a beautiful blush next to the sun; buttery, very juicy and high flavored; the tree is a strong grower and a young and abundant bearer. August and September.

BOSC. Finest quality late fall and winter variety, russet, extra long and tapering. Good shipper, bringing highest market prices. A vigorous grower. November and December.

FLEMISH BEAUTY. A large, beautiful, melting sweet pear. Tree is very hardy, vigorous and productive. Succeeds well in all climates. September.

SUGAR PEAR. Remember the delicious sweet sugar pears we used to watch for in the late summer? Why not plant a few of these trees and grow your own. None better to eat or for spicing. Melting flavor and trees bear unusually heavy crops.

PRICES OF KRIDER'S FINEST TREES

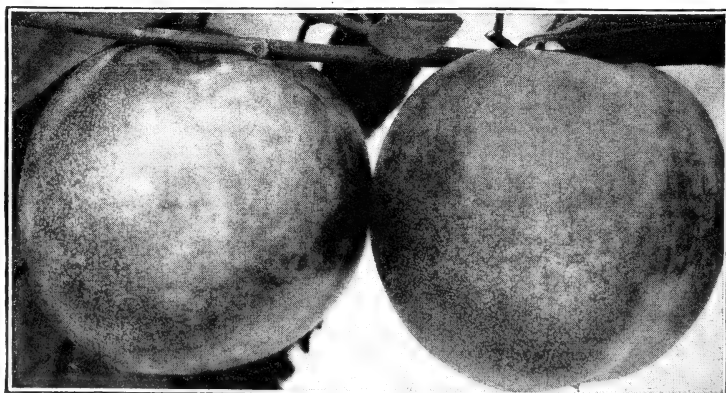

3 to 4 ft. (9/16 inch) trees, \$1.00 each; 10 for \$8.50.

4 to 6 ft. (11/16 inch) trees, \$1.25 each; 10 for \$9.50.

DELICIOUS, HARDY

Nectarine →

One of the most sensational as well as delicious fruits ever introduced. Combines the best qualities of the Peach and Plum. Fruit is large, fine flavored, juicy and melting to the taste. Smooth skinned. Unequalled as a fresh fruit or for canning. Include this fruit in your order. Your choice of red flesh or yellow flesh. Plant 20 feet apart. 2-year, 3- to 4-ft. trees, 60¢ each; 10 for \$5.00.

FAVORITE VARIETIES OF • PLUMS •

BURBANK

Tree a vigorous grower and an early and very heavy bearer. Fruit very large, yellowish in color with red cheek in the sun. Extremely small pit. Middle of June.

LOMBARD

Medium violet-red. Juicy and delicious. Hardy and exceedingly productive. Called the favorite canning plum. Sells high on the market. Ripens in August.

YELLOW EGG

Very creamy yellow, flesh yellow and of fine quality. Large egg shape. A good variety for Middle West. Ripens end of August.

Stanley Prune — An Excellent Plum

POUND PLUM

The Finest Prune-Type Plum

Krider's now offer you this great new Plum which will be a fruit sensation in a short time. Think of it! Twelve of these mammoth Prune-Plums weigh a pound. Flesh is juicy, melting to the taste, and deeply colored to the pit. Rich, deep bluish purple color outside makes it attractive for market purposes. Trees are heavy bearers and rapid growers. Hardy anywhere.

STANLEY PRUNE

Beautiful large Prune-Plum. Sweet, rich and juicy. Hardy in all sections and one of the best Plums you can grow.

SPECIAL! SOMETHING NEW IN APRICOT TREES

We have secured a limited number of something new in the line of Apricot trees. The parent tree is a nice three-year-old "Early Golden" Apricot tree. Last year four branches of each tree were selected and into two of these branches were budded two "Moorpark" Apricot buds and into the other two branches were budded two "Superb" Apricot buds. Thus these trees have branches of the parent "Early Golden," and in addition have "Moorpark" and "Superb" buds growing. These trees will, when mature, produce three varieties of delicious Apricots from the one tree. While our supply lasts we are going to offer these trees, which run about 4 feet in height with good root systems, at

PRICES OF HIGHEST QUALITY PLUM TREES

2 yr., 3- to 5-ft. trees, \$1.00 each; 10 for \$9.00.

APRICOTS . . . FOR RICH FLAVOR

Extremely valuable as a fresh fruit and a superior fruit for canning or drying. There is always a good market for Apricots at top prices.

MOORPARK. One of the largest and finest Apricots. Rich yellow with orange blush. Flesh sweet and juicy, and rich. Freestone and very productive.

SUPERB. Fine, large variety. Fruit roundish, large and slightly compressed. Color dull yellow with red blush. Flesh orange tinted, firm and sweet with a rich, vinous flavor. Ripens the latter part of July. Heavy rooted, 3- to 4-ft. trees.

Your choice: \$1.00 each; 3 for \$2.50.

\$1.50 each; 3 for \$4.00

THE FAMOUS 5-N-1 APPLE Tree

*FIVE SPLENDID KINDS
OF APPLE ON ONE TREE!*

LET 1 TREE DO THE WORK OF 5

**For Those With Limited Space If You
Want But One Apple Tree**

Think of having five delicious varieties of apples on one tree! Will provide an abundance of fresh fruit from June until winter. Double Red Delicious, Anoka, Double Red Rome Beauty, Yellow Delicious, Yellow Transparent, Double Red Jonathan, all on one sturdy tree. A complete Apple Orchard in itself at Krider's money-saving price.

**4 to 6 ft. size with
nice growth on all va-
rieties.**

**Only \$1.85 Each;
4 for \$6.00**

Five varieties budded on Red Delicious, making six varieties in all. However we call them 5-N-1 only. This will leave five even if one dies.

Raise Your Own BLUEBERRIES . .

Heavy Yields of Large Berries

THE NEW GIANT BLUEBERRIES

(Story of their development in Saturday
Evening Post last September)

**DELICIOUS FRESH FRUIT OR FOR
CANNING**

Grow successfully from coast to coast. Have your own Blueberries for home use or raise them for market. **Big profits, as bushes bear heavily and market is always good. Early berries bring from 25c to 35c a pint.**

The ideal plant for low spots where soil is sour. On higher ground some woods dirt or well-rotted leaves should be mixed into the soil, as they require an acid condition.

Plants last a lifetime when once established. The plants we offer will start bearing the first year after planting.

May be used as an ornamental shrub, as foliage and blooms are very attractive. If you do not have room for them elsewhere, plant them along the shrub border.

For field planting, space 5 by 7 feet apart and keep cultivated.

(Note: We send assorted varieties to insure pollenization.)

**Well-Rooted, 10- to 15-Inch
Plants**

NEW GIANT SIZED BOYSENBERRY

TRUE THORNLESS VARIETY

The most popular and in heavy demand everywhere. Giant berries, 2 inches or more in length, have a tangy flavor, are dark maroon in color and unexcelled for use as fresh fruit, for locker storage after quick freeze, or for canning.

Plants are entirely thornless and bark is smooth and green. Nurserymen recognize this to be the finest variety and popular demand has verified their choice. A fully matured plant will easily produce 8 to 12 quarts of berries in a season. Plant in good soil and keep well cultivated for best results. Tie up branches to stake or fence each spring. After fruiting, cut off to ground level and allow new shoots to grow until following spring when they in turn are tied up.

No. 1 Plants, 6 for \$1.25; 12 for \$2.00; 25 for \$3.25; 100 for \$10.00.

PLANT THIS SPRING!

**PICK CHERRIES FROM BUSHES? YES, IT'S AMAZING
BUT NOW TRUE WITH**

HANSEN'S BUSH CHERRY

An ornamental shrub producing delicious fruit; easy to grow; perfectly hardy anywhere. The result of over thirty years' research and selection work by Prof. N. E. Hansen of South Dakota State College. A shrub which is very effective in any landscape planting and which bears delicious fruit of good size and excellent flavor. Starts to bear the year after planting and continues year after year. Makes superb jam, or clear, sparkling jelly. Don't neglect getting a few of them to add to your plantings. They always retain their dwarf stature. Heavy, 2-year size,

New Giant Boysenberries

50c each; 3 for \$1.25

Actual Color Photo of Giant MacDonald Rhubarb

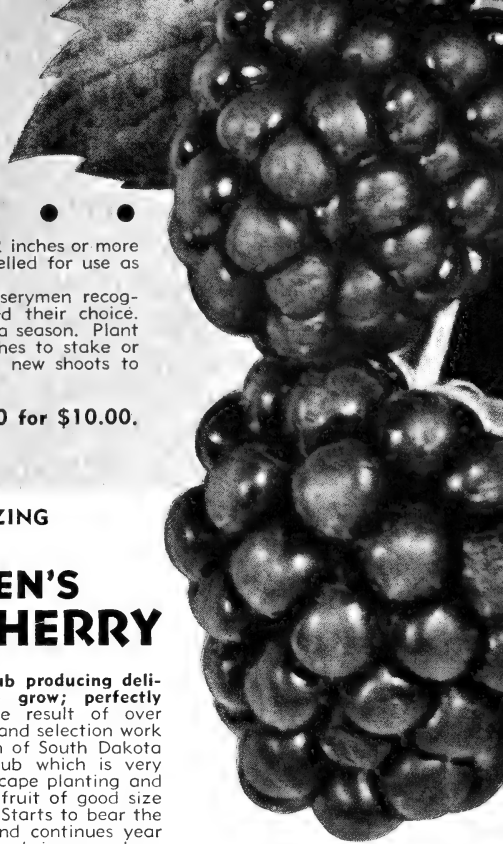

IT'S NEW IT'S GIGANTIC, IT'S DELICIOUS! MacDonald Rhubarb

If you want something different, something delicious in garden fruits, then plant some of this grand new MacDonald Rhubarb.

Stalks are of giant size on mature plants, and a rich rosy red in color. (See picture at the right.) This beautiful color carries through the stalk. Sauce made from it has the red color of a dish of strawberries. Favor is mild and pleasing. This new Rhubarb does **not** send up seed stalks and never becomes tough or stringy. Just cut in small chunks and cook. Do **not** remove the tender skin; it cooks right up with the stalk.

Nice, 2-yr. roots, ready to grow for you.

**60c each; 3 for \$1.50;
10 for \$4.00**

Raise Your Own Berries

**AT A COST OF LESS
THAN 1c A QUART—
Easily Grown**

For home use or market, Krider's husky plants give you the ideal start in strawberry raising. Best varieties, finest quality; priced right.

Krider's Selected **STRAW- BERRIES**

THE FINEST HOME- GARDEN FRUIT

PREMIER. A money-making, frost-proof strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market. **25 for 75c; 100 for \$1.75, postpaid. 500 for \$7.00; 1000 for \$11.00.**

SENATOR DUNLAP. Perhaps no other strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial uses. **25 for 60c; 100 for \$1.50, postpaid. 500 for \$6.00; 1000 for \$10.00.**

Dorsett

DORSETT. 6,640 quarts to the acre. This new variety was originated by the U. S. Dept. of Agriculture. A scientific cross between the Premier and the Royal Sovereign, an English variety. One of the firmest berries known and has dark green foliage, holding the color through the season. Berries are larger than Premier. Color is bright red and retains color long after picking. **25 for 75c; 100 for \$1.75, postpaid. 500 for \$7.00; 1000 for \$11.00.**

FAIRFAX. The quality berry. Another late introduction by the U. S. Dept. of Agriculture. Very good foliage, which means a good fruiting berry. Berries are large and a little darker than Dorsett. Good quality, splendid shipper, a wonderful keeper. **25 for 75c; 100 for \$1.75, postpaid. 500 for \$7.00; 1000 for \$11.00.**

NEW GRAND CHAMPION. The universal favorite of commercial growers. Vigorous, hardy, extra early, self-pollenizing. Less affected by drought, rain or frost, than any other variety. The robust plants with long roots, heavy crowns and many runners develop wide solid fruiting rows and ripen heavy crops of large uniformly bright and flavorful berries. This is the fresh bright berry so popular on summer markets, bringing 65 to 95 cents more per crate than common varieties. **25 for 75c; 100 for \$1.75, postpaid. 500 for \$7.00; 1000 for \$11.00.**

GEM

The MODERN EVERBEARER

The Last Degree in Strawberry
Perfection for Size, Color, Flavor
and Productivity.

A mouthful of melting, flavorful Strawberry deliciousness. The New Gem holds those qualities from the first spring ripening until cold weather, never getting that "grassy" flavor common to other varieties. Fruit is very large and uniform from the first picking until the last. So firm that it will stand an unusual amount of handling and hauling. Even 36 hours after picking the New Gem is in good condition, firm and solid. Very hardy, resistant to drought and leaf-blight. Good plant makers on any soil and, although the plants are somewhat smaller than Senator Dunlap, they are every bit as prolific. Produces large crop the first season. Berries ripen clear to the tip and color all the way through.

Prize Strawberry Collection

Berries From Early Spring
Until Snow Flies

- 25 Premier. Early.

FAMOUS EVERBEARER

GIANT MASTODON

Fruit 90 Days After Planting

The Giant Mastodon is of immense size, a sure cropper, of choice quality and an extremely vigorous grower. These fine qualities make it much prized by those who grow berries for market. Starts bearing early in the season and continues to bear heavy crops until long past frost. A beautiful bright-colored berry of fine flavor. Prices of Giant Mastodon: 25 for \$1.00; 100 for \$3.00, postpaid. 500 for \$11.00.

**PLANT EVERBEARERS THIS SPRING
. . . . HAVE FRUIT THIS FALL!**

THE QUALITY OF STRAWBERRY PLANTS

In looking through the many catalogs you receive you will notice that many claim to be the largest growers of plants, many claim to grow the best plants. We have bought plants from some that make extravagant claims in different sections of the country and we may truthfully say that we have never received any better plants than those we send out to our customers. We guarantee the plants we grow and sell to be as large and as fine as you get anywhere (no matter what you pay) and to be put up in as good condition. If grown side by side, under like conditions, they will produce as much and as good fruit.

Golden Muscat

GOLDEN MUSCAT

One of the finest of the newer Grapes. Large in berry and bunch; sweet, juicy and firm in flesh. A splendid Grape for either home use or for market.

Heavy rooted, 2-yr. vines:

75c each; 3 for \$2.00; 10 for \$6.00

BEST VARIETIES OF GRAPES

**HEAVY ROOTED, No. 1, 2-Year
VINES—BRED TO BE QUICK
HEAVY PRODUCERS OF
HIGHEST QUALITY FRUIT . . .**

Best Black or Blue Varieties

CONCORD. One of the most popular and reliable Grapes ever grown. Bunch is large, compact and well shouldered. Berries are large and round, almost black in color with blue bloom. Juicy and delicious with a very sweet buttery flavor.

FREDONIA. The great new early bluish black Grape which has taken the country by storm. One of the largest, sweetest and finest Grapes which has ever been introduced.

MOORE'S EARLY. A large Grape ripening about a week earlier than Concord. Rapid grower. Berries large and of excellent quality. Makes a good moderate yield and is valuable as an early Grape.

Best White Varieties

NIAGARA. Occupies the same position among the white varieties that Concord does among the blacks. Bunch and berries are large, greenish white changing to pale yellow when fully ripe. Skin is thin but very tough, making them ideal for market use. A reliable cropper and good yielder.

PORTLAND. The newest white Grape and the first to ripen of the Grape family. Individual Grapes are larger than the Niagara and are sweet and luscious. Order this great new variety if you want the finest in white Grapes.

Best Red Varieties

AGAWAM. Bunches are large and well shouldered. Berries large, reddish brown, tender, vinous and of excellent flavor. Very vigorous and productive, and one of the best of its class.

CACO. A new extremely early red Grape. Fruit extra large, the bunches are compact and of good size. Flavor is of the finest. Fruit is sweet and juicy. The finest introduction in red Grapes.

DELAWARE. The bunches are small and compact. Berries are small, with thin but firm skin. Flesh is juicy, very sweet, and of the finest quality for both table use and wine making. Ripens early. Vines are hardy, very productive and are moderate growers.

Prices of All Varieties of Grapes On This Page Except Golden Muscat, Seedless Concord

**All No. 1, 2-yr. vines, 30c each;
10 for \$2.50.**

New Grape Deluxe SEEDLESS CONCORD

At last, what we consider the perfect blue Grape! New Seedless Concord combines all the qualities which have made Concord famous and now without seeds. Imagine richly colored, sweet, juicy fruits, solid meat clear through. Imagine eating them from the vine; imagine how much easier to make juice or jellies. A real milestone in horticultural progress. **Heavy, 2-yr. No. 1 vines, ready to start rapid growth:**

90c each; 3 for \$2.50; 10 for \$8.00

RAISE YOUR OWN DELICIOUS RASPBERRIES

**BEST BLACK AND RED
VARIETIES . . .**

Plant Raspberries in well-drained cultivated soil. Set plants with the crown or eye about 1 inch below ground level. Raspberries should be set 4 feet apart each way. As soon as the bearing season is over, all old wood or canes should be cleaned out and new growth cut back about one-third. This permits good bearing wood to develop for next year's crop.

Cumberland **The GREAT Blackcap . .**

Finest Black Raspberry

Largest blackcap raspberry grown. Plant is an unusually strong grower and heavy bearer. Berries are very large, sweet and juicy, keep well for market and hold shape in cans when cold-packed.

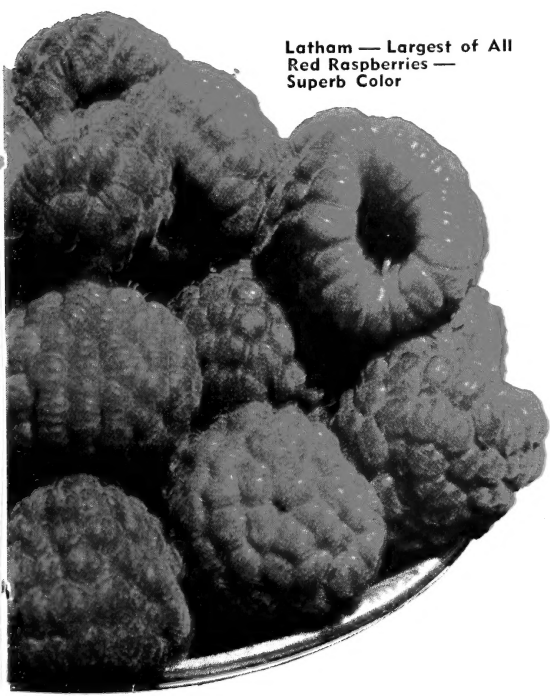

Prices of Black Raspberries

12 for \$1.00; 25 for \$1.50, postpaid. 100 for \$4.00; 500 for \$18.00;
1000 for \$30.00.

Cumberland

Latham — Largest of All
Red Raspberries —
Superb Color

RED RASPBERRIES . .

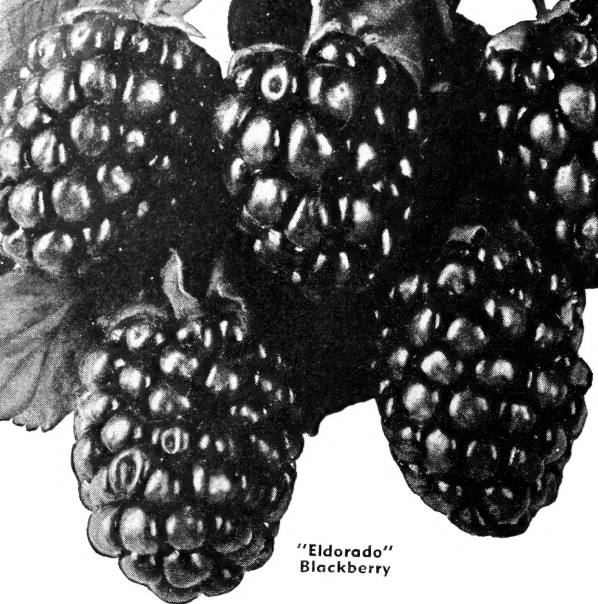

LATHAM. We might well use this whole page extolling the merits of this wonderful berry, which we regard as the finest ever introduced. Berries of extremely large size, and when ripe, are a beautiful bright red in color. The hardiest of all raspberries, growing well and producing abundant crops even to the Canadian border. Flavor is delicious and crop is remarkably heavy, sometimes extending over a month. In every way Latham stands supreme.

SUNRISE. A new Red Raspberry which promises to be a huge success. Berries are giant sized and remain firm after picking. Good bright red color. Plants are vigorous growers and produce extremely heavy. Hardy and disease resistant. Ripens 10 days earlier than Latham.

(Developed by U. S. Department of Agriculture)

Prices of All Red Raspberries

12 for \$1.25; 25 for \$2.50, postpaid. 100 for
\$7.50; 500 for \$35.00; 1000 for \$60.00.

"Eldorado"
Blackberry

HAVE FRUIT FOR HEALTH!

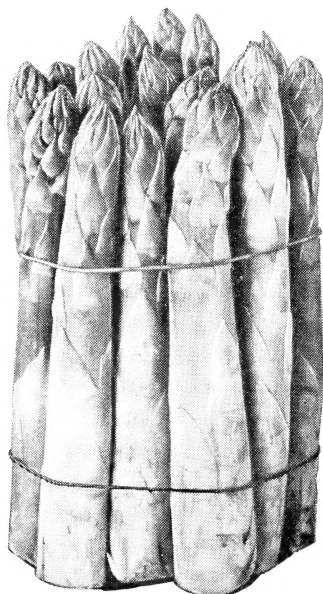

"ELDORADO"

ONE OF THE FINEST

BLACKBERRIES

Blackberries do best on good soil, clay and sand mixture preferred. Plant in rows 6 feet apart and 2 feet apart in the row. 3500 plants are required per acre. These berries always bring top prices on the market and return a handsome profit.

ELDORADO. Largest hardy blackberry grown. Free from rust and the best money-maker. Canes grow upright and sturdy. Fruit ripens in July and continues over a long period. We offer only the one variety as it is the only one which has proven to be generally satisfactory under all conditions. Beware of Erie, Wilson, Jr., Lawton and their like; they will not stand our winters. 12 for \$1.00; 25 for \$1.50, postpaid. 100 for \$4.00; 500 for \$18.00; 1000 for \$30.00.

Martha Washington Asparagus

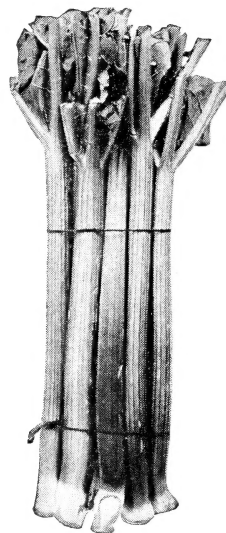

Red Giant RHUBARB

Every home garden should have a few stalks of Rhubarb. In early spring it provides a fresh sauce or pie that cannot be equalled. Fine for health and a balanced diet. We offer the famous **Red Giant** variety which grows rapidly, has a delightful flavor and cooks beautifully into a clear pink sauce. Get your roots now and start cutting your own Rhubarb next spring. 25c each; \$2.00 per doz., postpaid. 100 for \$14.00.

See page 73 for the new Giant MacDonald Rhubarb.

"MARTHA WASHINGTON" ASPARAGUS

The first vegetable to come up in the spring garden. The Martha Washington variety stands supreme for its growing habits and delightful flavor. 100 roots will supply the average family and will last for years. Set 10 inches apart in rows. Spread the roots out in the bottom of the holes and tamp soil firmly. Plant so that there is about 2 inches of soil over the crowns of the plants. 2-year-old roots, \$1.00 per doz; 25 for \$2.00; 100 for \$5.00, postpaid. 1000 for \$25.00.

"Red Giant"
Rhubarb

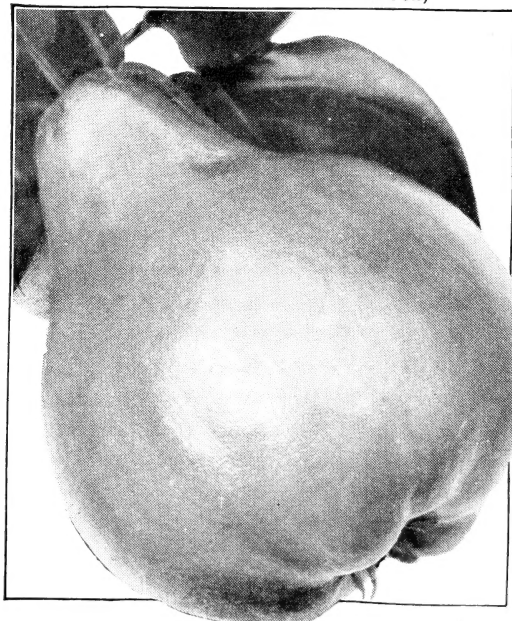

Orange Quince — For Delicious Jelly

Orange Quince . .

UNEXCELLED FOR THE FINEST

PRESERVES and JELLIES . . .

Require a minimum of attention and are very profitable for market. Every home garden should have a couple of Quince trees. We offer the **Orange** variety. Large, bright golden yellow, excellent in flavor and the best for home use. Nice 3- to 4-ft. trees, only \$1.00 each; 10 for \$9.00.
